PART II

NARRATIVE SUMMARY

During the month of August, wet weather readiness training and preventive maintenance of group equipment prior to the onset of monsoon season was completed. Corpsmen in the CAF emphasized the care that must be taken to prevent immersion foot and the necessity of keeping foodstuffs dry. Instruction was also given on weapon care and tactical changes which develop during the rainy season. Motor transport section instructed Group and Company drivers on wet weather driving hazards and the preventive maintenance program required on vehicles during this period. At Second CAG Headquarters work was started on rebuilding and strengthening the perimeter defenses against the weakening effects of heavy rains.

During August, all CACOs were given instructions on night firing techniques. A common fault of CAF Marines has been shooting too high at night.

During the month of August, Second CAG deactivated one Company and five Combined Action Platoons. Personnel were redistributed to remaining Second CAG units. Disposition of excess equipment, resulting from recent CAG deactivations within RVN required extensive efforts by Second CAG's S-4 Section.

Operationally, Second CAG's actions and enemy reactions to pacification efforts remained essentially the same as last month. Small groups of enemy were encountered moving into populated areas with the purpose of taking advantage of the current rice harvest for resupply. An extensive land clearing operation using bulldozers resulted in the elimination of several VC avenues of approach and bunker systems. This project was undertaken at the request of Province and District Vietnamese Officials, and will be completed during September 1970.
PART III

While questioning the VN, the patrol received SAF from 4 VC in a tree line 100m W of the above grid. The patrol returned organic weapons fire causing the enemy to flee NE. One PF was WIA during the contact and medevaced by helicopter. The VN, unresponsive to questioning by CAP PF, were detained and delivered to District Headquarters for further interrogation. A sweep of the area was nonproductive. RESULTS: 1 PF WIA(E); 3 VN detained.

28 August 70
A PF member of a CAP 2-4-3 patrol accidentally detonated a M-26 grenade booby trap rigged with a trip wire firing device at the entrance to a bunker at BT 164588, 1 km NE of Hieu Nhon District Headquarters. Three PFs were WIA from the exploding SFD. The PF WIA were medevaced by helicopter. The bunker was destroyed. A sweep of the area disclosed 1 5 gal can containing 30 lbs of polished rice. The rice was retained by the CAP PF. RESULTS: 3 PF WIA(E); 30 lbs of rice captured, 1 bunker destroyed.

28 August 70
CAP 2-4-5 and CAP 2-4-7, in an operation, discovered 4 bunkers containing assorted ordnance, 50 lbs of polished rice, assorted medical supplies and miscellaneous documents at BT 164588, 1 km N of Hieu Nhon District Headquarters. The bunkers and ordnance were destroyed in place. The rice was retained by the PF. The documents were delivered to District Headquarters for analysis along with the medical supplies. RESULTS: 4 bunkers, 1 claymore mine, 1 155mm HE round and 2 250lb bombs destroyed; 50 lbs of polished rice, assorted medical supplies and miscellaneous documents captured.

29 August 70
A CAP 2-3-5 ambush received M-79 HE rounds, RPGs and SAF from an USEF in a tree line at BT 061586, 3 km S of Dien Ban District Headquarters. The ambush returned organic weapons fire causing the enemy to flee E and W. One USMC was KIA, 3 USMC were WIA and 3 USMC received minor fragmentation wounds.
during the contact. The USMC WIA were medevaced by helicopter. A sweep of the area disclosed assorted ordnance and 4 VN language propaganda leaflets. The ordnance was destroyed. The propaganda leaflets were delivered to District Headquarters for analysis. **RESULTS:** 1 USMC KIA; 3 USMC WIA(E); 3 USMC WIA(M); 4 ChiCom grenades, 2 M-79 HE rounds destroyed; 4 VN language VC propaganda leaflets captured.

29 August 70

A CAP 2-4-6 ambush received 1 RPG from an USEF at BT 113576, 2.5 km W of Hieu Nhon District Headquarters. The ambush returned organic weapons fire causing the enemy to flee in an unknown direction. Three USMC were WIA and 1 USMC received minor fragmentation wounds from the exploding RPG. The 3 USMC WIA were medevaced by helicopter. A sweep of the area disclosed 2 RPG fin assemblies, two ChiCom grenades and 2 M-26 grenades. The ordnance was destroyed in place. **RESULTS:** 3 USMC WIA(E), 1 USMC WIA(M); 2 RPG fin assemblies, 2 ChiCom grenades and 2 M-26 grenades destroyed.

29 August 70

A CAP 2-3-8 patrol base received ChiCom grenades and 3 60mm mortar rounds from an USEF at BT 043614, 4 km N of Dien Ban District Headquarters. The patrol base returned organic weapons fire causing the enemy to flee in an easterly direction. Six PF were WIA in the contact. The PF were medevaced by helicopter. A sweep of the area was nonproductive. **RESULTS:** 6 PF WIA(E).

30 August 70

A CAP 2-3-1 patrol base at BT 073585, 500m E of Dien Ban District Headquarters, received 3 ChiCom grenades from an USEF in an unknown location. The patrol base did not return fire for lack of a discernable target. Two USMC and 1 USN were WIA from the exploding grenade. The 2 USMC and 1 USN WIA were medevaced by helicopter. A sweep of the area was nonproductive. **RESULTS:** 2 USMC WIA(E), 1 USN WIA(E).

4. New Techniques Employed
   Negative

5. Command Relationships
   2d CAG experienced no problem areas with Vietnamese or local FMAF units during August.

6. Significant Accomplishments of Attachments
   a. Kit Carson Scouts: At the beginning of August 2d CAG had eight KCSs deployed in 2d CAG small units. Two KCSs were dropped from the roll in midmonth, giving an end of the month strength of nine KCSs with the pick-up of three additional Scouts in the latter third of the month. The Scouts conducted twenty-nine classes and participated in 321 patrols.
b. ARVN Interpreters: 2d CAG had eight interpreters assigned to the CACOs and 2d CAG Headquarters at the beginning of the reporting period. In mid-month one interpreter was returned to Headquarters for ARVN Interpreters as ineffective. A replacement was received for this interpreter bringing the end of the month strength to eight. The interpreters were invaluable in translating the necessary documents for the deactivation which took place in August.

c. Scout Dogs: During August 2d CAG deployed four Mine and Booby Trap Dog Teams and twelve Scout Dog Teams. The Scout Dogs were a welcome addition to CAP patrols, quite often alerting to the placement of enemy troops.

7. Lessons Learned

</tbody>
</table>
(2) Average deadline time was as follows:

2nd Echelon 2-4 Days
3rd Echelon 20-30 Days

e. Airlifts: As in previous reports no airlifts have been scheduled.

f. Messhall: Approximately 7,900 meals were served during this period in the 2d CAO Messhall. A total of 12,950 meals were distributed to field units from the 2d CAO Messhall.

g. Armory: The armory has repaired a total of 90 weapons during the period. Fifty (50) weapons were sent in for repair to 1st FSR for 3rd echelon maintenance.

h. Supplies: FLC's AS-1 listing for the clearing of all old requisitions was not scheduled for this month.

i. Problem Areas: Excess equipment turn-in for vehicles will not be accomplished until early in September due to congestion at the retrograde facility. This "pick-up" is caused by units deactivated in lieu of their return to Conus.

9. Civic Action/Psychological Operations

a. During the month of August, Civic Action NCOs from the 2d Combined Action Group continued their efforts as liaison between hamlet, village, and district officials in initiating civic action and community development projects. Civic Action efforts have continued at an acceptable level in MedCaps, education, personal response, distribution of commodities, and construction projects.

b. Agriculture projects are being stressed by the CAPs because of the importance they hold for the future. The Civic Action NCOs have been receiving, in large quantities, a variety of vegetable seeds from interested people back in the United States. Civic Action NCOs are working closely with the farmers experimenting with seeds, hoping to find those vegetables which the farmers will accept and start raising in quantity.

c. The assistance given in the building of schools at Dien Ban has resulted in appreciably closer ties between CAP Marines, Popular Forces, and the local civilians.

d. Two refugee settlements were provided with 22 6x6 loads of critically needed lumber necessary for the permanent construction of houses prior to the monsoon season.
CONFIDENTIAL

e. During the month of August 2d CAG's Civic Action NGO has received numerous gifts from people in the United States. These gifts include clothing, seeds, books, candy, and soap. The gifts have been distributed to CAPs for further distribution.

f. Commodities distributed during the month of August were as follows: Food, 8209 lb.; Soap, 450 lb.; Clothing, 100 lb.; Personnel hygiene kits, 50; Phy Ed Kits, 5.

g. During the month of August CAP personnel of the group assisted Vietnamese civilians in completing the following projects: Dams, 1; Water pump, 1; Refugee Camp, 1; Wells, 6; Schools, 5; Bridges, 2; Dwellings, 16; Heads, 1; Fences, 20.

h. Medical Assistance in support of Civic Action MedCAPs resulted in the treatment of 17,577 Vietnamese civilians. 47 dental cases were treated and 43 civilians were undergoing training in the basics of first aid. These aides assisted in MedCaps and served as interpreters for the corpsmen.

i. Psychological operations activities employed by the group during the month of August included the use of land dissemination and air dropped leaflets:

   (1) Approximately 30,000 "CAPs are here to help you" leaflets were air dropped.

   (2) Approximately 50,000 "safe conduct passes" were air dropped.

   (3) 60,000 reward leaflets were air dropped during the month of August.

   (4) Approximately 50,000 Vietnamese newspapers were hand distributed.

10. Personnel and Administration

11. Intelligence: Enemy troop activity and terrorist attacks were at low ebb during August. Movement of enemy supply cadre in small groups, or as individuals, was high. The enemy avoided contact to concentrate on resupply and to prepare for expected high activity in September. Agent reports indicate that enemy troops withdrew to safe havens for retraining and to receive command direction. On the fourth CAP 2-7-8 captured a cache of enemy munitions at BT 324658. The munitions included nine LAWs, twenty 60mm mortar HE rounds, one hundred and fifty M-79 HE rounds, one M-26 grenade and a quarter pound of C-4. The CAP destroyed the bunker and munitions.

On the fifth, CAP 2-9-1 discovered a recently dug storage bunker at AT 885486. The bunker contained a cache of food. The food was distributed to the CAP FFs. Finds of this sort, and the destruction of munitions and food caches have caused the enemy to disrupt his plans.

On the seventh CAP 2-5-2 made the first heavy contact of the month at BT 057596, 2 km NE of Dien Ban District Headquarters. The CAP initiated organic weapons fire on the enemy force. The enemy returned SAF and over 40 RPG rounds. One USMC and two FFs were wounded and one USMC received minor wounds. A helicopter medevac which was called in, received heavy small arms fire causing it to crash on lift off. CACO 2-5 and CAP 2-3-3 were led by the Company Commander in reaction to the contact. The reaction force broke the enemy contact and a second Medevac was called in and received, evacuating the wounded CAP members and the injured helicopter crew members.

On the twelfth CAP 2-4-3 apprehended twenty five Vietnamese females in a restricted area. Unresponsive to questioning they were turned over to District Headquarters. It is believed that the women were acting as bearers for the VC.

Local villagers have shown an increased interest in aiding the CAPs with information as to the location of enemy troops and the locations of food and munitions caches. This is indicative of the success the CAPs have had in releasing the enemy's hold on the local villagers. This type of aid from the people led to the capture of one NVA from the 5th Company 4th Battalion, 31st Regiment in Hoa Phu Village at AT 917716, by CAP 2-1-1.

For the third month running, incidents involving enemy soldiers dressed as ARVN or Republic of Korea Marines have developed. On the thirteenth CAP 2-7-1 discovered thirty Vietnamese dressed in ARVN and ROKMC uniforms. The CAP initiated small arms fire on the enemy. The enemy returned small arms fire and fled west. A sweep of the area after the contact produced one local force
VC, one member of the VC infrastructure and one Vietnamese with an improper identification card. Information freely given by local villagers led to the discovery of the thirty VC.

The only major terrorist incident during August happened on the twenty-sixth of the month. CAP 2-4-7 investigating an explosion discovered the Thuan Tinh Village Chief and a PSDF with minor fragmentation wounds received from an exploding Chicom grenade in a terrorist attack. The CAP rendered first aid then released the two men.

Most of the enemy sightings and contact with the enemy was experienced in Dien Bien and Hoa Vang Districts. The enemy was on the move in these Districts due to harassment from the units of the 1st Marines. In late August the 2nd Battalion, 1st Marines destroyed the VC District Headquarters for Dien Bien and Hoa Vang Districts. This caused confusion in the ranks of the VC as noted in the erratic spotting of enemy movement in the latter third of the month.

13. Fire Support: During August 2d CAG employed ten artillery missions, fifteen 81mm mortar missions and six 60mm mortar missions.

14. Air Support: During August there were no fixed wing support missions flown for 2d CAG.

15. Activations, Deactivations, Redesignations and Relocations of CAPs: In the month of August 2d CAG deactivated one company and five platoons. CAP 2-1-4 with a geographic center of the TAOC at AT 163560, 2 km SE of Hieu Nhon District Headquarters, was deactivated on 10 August 1970 at 1600H. On the 12th at 1130H CAP 2-1-7 with a geographic center of the TAOC at AT 93725, 1.5 km NE of Hieu Duc District Headquarters was deactivated. Also on the 12th at 1130H CAP 2-2-4 with a geographic center of the TAOC at AT 931250, 12.5 km N of Hoa Vang District Headquarters, was deactivated. CACO 2-9, co-located with Duc Duc District Headquarters at AT 875478 was deactivated; CAP 2-3-1 with a geographic center of the TAOC at AT 850490, 1.5 km NE of Duc Duc District Headquarters, and CAP 2-9-2 with a geographic center of the TAOC at AT 871452, 1.5 km N of Duc Duc District Headquarters, was deactivated. All CACO 2-9 deactivations took place on 14 August 1970 at 1600H.

18. Special Services

a. During the month of August, one Special Services trip to Hong Kong was made for the purchase of three hundred pair of Second CAG Sweatshirts, and other Special Services equipment.

b. Second CAG Special Services has taken over the assets of First and Third CAGs which have been deactivated. While this has resulted in the acquisition of items such as TV's, fans, etc that we have been trying to get for a long time, it has also resulted in large amounts of excess gear. This excess gear is being processed for turn-in.

c. Weekly rations of beer and soda to Combined Action Companies continued with 415 cases of beer and soda distributed.

d. Two USO shows were provided during the month of August.

19. Medical Department

a. General: During the month of August emphasis was placed on the efficient follow up procedures concerning Vietnamese Med Evacs for serious diseases since the presence of a disease in any proportion in our operating area effects the health of the CAPs directly. It was recommended that the mission numbers be noted in the case of Hôlô evac and the definite area medical facility, preferably Hoi An Provincial Hospital, be ascertained as soon as possible.

Water sanitation was again stressed at CACO level to reduce the incidence of skin and other infections caused by contaminated water.

More comprehensive administrative procedures at CACO level were recommended and implemented. A folder for each man attached to a company containing his immunization tickler card and sick call record to maintain continuity of his medical care.

Routine inspection of CAPs were carried out during the reporting period.

Med Caps at CAG level totaled 1,094 during August. Lack of Med Cap supplies as such does not hamper our capabilities in this area since excess supplies from activities deactivating are readily available.

b. Personnel

(1) Medical Department Representative: J.H. BRYSON, HMC, USN
(2) Admin/Sick Call Petty Officer: J.F. COMBS, HML, USN
(3) Supply/Sick Call Petty Officer: G.J. DAGLEY, HM1, USN
