Part II

Narrative Summary

Command, Operations and Training

The month of August was devoted to normal tactical operations in established areas of coordination within four Districts of Quang Tri Province. The six Combined Action Platoons (CAPs) of the second company continued to assist the Government of Vietnam (GVN) officials in relocating refugees from camps to their original hamlets. Two processing centers were established to screen the indigenous personnel, provide them with limited commodities and construction material, and to provide them with transportation to move their household effects. Most of the old hamlet sites have not been occupied for eighteen months and the ravages of war have reduced most structures to rubble. Wells are dry and in need of masonry repair. Irrigation trenches have been destroyed, paddy dikes deteriorated and vegetable plots are overgrown with weeds and brush. Trails that were once main thoroughfares are barely navigable due to vegetation, erosion and damage from tracked vehicles. Most rice paddies have been bone dry for the summer months and a hard pan layer has formed which is difficult to plow with non-mechanical means. Although the conditions facing the villager as he moves from a refugee camp where he led a marginal existence are difficult, he will now be in a position to significantly improve upon his own situation and provide a better way of life for his family.

During August, the CAP Marines assisted the people, Popular Force (PF) soldiers and Revolutionary Development (RD) Cadre in overcoming these hardships and in preparing the land for the fall rice planting.

The Combined Action Company (CACO) Commanders continued as overseers of the Revolutionary Development effort in the Phase II Pacification targeted hamlets which are located in CAP areas of coordination. The limited American Advisory staff and weak links in the Vietnamese chain of command create a requirement for continuing supervision of the thirty man field cadre teams. Periodic reports to evaluate the cadre effectiveness are prepared by the CACO Commanders, screened by the Group Operations Officer and forwarded to the Revolutionary Development Advisor who is a member of Military Advisory Team #19.

The level of Viet Cong activity increased somewhat during the month in populated areas of the province. Although no major contacts were experienced by the CAPs, the number of sightings, exchanges of fire and intelligence reports increased two fold over the preceding month. There continued to be a number of reports stating that the VC were making extensive preparations for the Summer Campaign and attempting to establish population control measures to be instituted upon the conclusion of a cease fire agreement. Little, if any, of these preparations has been apparent in the hamlets and villages occupied by CAP personnel and no terrorist incidents were reported during the month. Close liaison with the district intelligence establishments (DIOCCS) and counter-intelligence teams (CITs) located at District Headquarters have resulted in several contacts with the enemy during the month. CIT personnel and Vietnamese National Police Field Forces participated in a number of patrols with CAP members to collect information or to exploit intelligence. Close coordination with these outside agencies has been productive in establishing rapport and developing a free exchange of information. The Group Intelligence NCO continued to gather agent reports, intelligence estimates, information from the CAPs and extracts from Periodic Intelligence Reports in order to publish a daily intelligence summary. An ancillary benefit of these reports is their value as a turnover file of information relating to the enemy situation for new personnel assigned to key billets within the Group.
Night operations continued to dominate the tactical scene during the month. The requirement continued for all except three CAP Marines to be on patrol or ambush during the hours of darkness and for continuous tactical activities from 1600 hours to 0600 daily. Popular Force participation in activities has improved during the month as the CACO Commanders strive to make apparent the wisdom of maximum night activity to effectively secure a hamlet from enemy military units and political cadre. The Vietnamese attitude that there is strength in numbers, and therefore a large defense oriented command post is desirable, is gradually being overcome. Presently, our tactical activities average slightly better than two PF soldiers for each CAP Marine on every patrol or ambush. Continuous pressure on the District Chief remains the most effective tool to increase PF activity participation. Weekly reports from the CACO Commanders continue to provide the data for a statistical and qualitative evaluation of each CAP. This material is organized by District to provide meaningful comparisons, identify performance trends, and isolate problem areas.

Three internal documents were published relating to tactical activities; Air Support, Artillery Fire Support, and Command Post Security. These documents are appended to this report in the supporting documents section.

The formal CAP visitation program continued during the month as the Officers and Staff NCOs of the group headquarters made daily visits to the field. The visits have been productive in identifying personnel problems, improving logistical and administrative support and in precluding potentially explosive situations. The visitation representatives continue to complete an inspection checklist, discuss the contents with the Company Commander and route the information to the group staff sections for corrective action. The visitations supplement the daily inspection made of each CAP by the Company Commander or his Gunnery Sergeant.

Training of the PF continued with on-the-job participation supplemented by formal classes. Tactical fundamentals, ambush techniques, employment of claymores and supporting arms procedures were emphasized during the month. Weapons inspections, cross language training and ambush rehearsals continue as daily events on the training schedule. Practical application of techniques for requesting and adjusting artillery fire was conducted by the first company for all CAP Marines and selected members of the PF platoons. Personal response classes were provided by a contact team from the Third Marine Division for the three companies. Three days a week, a training NCO from the group headquarters accompanies the team to the CAP locations where a three hour lecture and group discussions are conducted.

Marines attending formal schools during August included a quota of five for the III Marine Amphibious Force Vietnamese Language school and a quota of four for the Third Marine Division NCO school. A one half day demolitions school was conducted by the Third Engineer Battalion for 56 Marines representing all CAPs in the Group. The lecture was oriented to provide each CAP with the capability of destroying dud and captured ordnance items with the standard demolition kits. Practical application employing live charges followed the lecture. General Educational Development testing was encouraged during the two day in-house R&R which each Marine receives every twenty one days at the Group CP. Twenty two tests were administered by the Third Marine Division testing facility during the month.
The Group PSYOPS program continued to complement the tactical situation in Quang Tri. PSYOPS Operation Order 3-69 set the pattern for events through 1 October. A copy of this order is appended in the supporting documents section of this report. The employment of the Revolutionary Development Cultural Drama Team, the 3rd Marine Division Sound and Movie Van and back pack loud speaker teams continued to be effective methods of establishing Government of Vietnam presence in the contested hamlets. Face to face contact with the villagers continued to describe the modus operandi for leaflet and poster distribution. The employment of village and hamlet officials to accompany the PSYOPS patrols assists in establishing an image of governmental involvement in the pacification effort.

Themes stressed during the month were the Voluntary Information Program, Chieu Hoi, sanitation and enhancement of the GVN image. The Province Armed Propaganda Team (APT) consisting of thirty two ralliers (former VC/NVA) conducted two platoon size operations in CAP areas of coordination. These forty eight hour operations involved joint CAP/APT screening of all villagers in a hamlet. Upon identification of a VC family, a special team arrived to discuss the benefits of the Chieu Hoi program and to get as much information as possible regarding guerrilla movement and associations. At night, the actor troupe of the APT stage a cultural drama show for the villagers while joint APT/CAP units conduct ambushes and patrols to provide necessary security. 4th CAG supports the APT with radios, rations and transportation. The greatest benefit for the CAP is the identification of the VC families, an updating of the black list and an increased awareness of the enemy capabilities by their association with the ex-VC/NVA.

Results of the PSYOPS effort for the month were:

Voluntary Information Program (VIP) expenditures continued to increase over previous months as the CAPs explored new techniques for collecting information and discovering the location of enemy ordnance items. However, correspondence in mid-month limited future expenditures to 35,000 $VN so a cut back in the program will be necessary in future months.

Personnel attachments from other organizations continue to augment 4th CAG in the field. At the end of the month, the following attachments were effective.

- 22 Kit Carson Scouts assigned from the 3rd Marine Division Training Center in Quang Tri City.
- 2 Marine Interpreters from the 7th Interrogation Translator Team.
- 3 Vietnamese Interpreters from the ARVN liaison section, III Marine Amphibious Force.
CACO 4-1 operated in Dong Ha and Mah Ling Districts throughout the month with the Command Post located at the Dong Ha Headquarters compound. A sub-station was established at Mah Ling District Headquarters compound to maintain communications with the CAPs and to provide liaison with the District Senior Advisor. Significant contacts with the enemy during the month include the following events:

052240H Aug 69. Under illumination, an ambush activity from CAP 4-1-12 sighted two armed VC in a restricted area at YD345479. Two FFs fired 34 rounds of 5.56 ammunition at the enemy who disappeared into the brush. As the ambush deployed to sweep the contact site, thirty rounds of incoming AK-47 and carbine fire were received from a range of 100 meters. 150 rounds of 5.56 were returned as the activity maneuvered to exploit the contact. The sweep continued without incident and the activity reestablished their ambush at a new site.

100200H Aug 69. A patrol from CAP 4-1-4, investigating unusual noises, observed a culvert on Highway 1 being blown with demolitions. Three enemy were seen departing the scene at 200 meters range as the patrol illuminated with pop-ups. The patrol fired 10 M-79 and 150 S/A rounds and received 40 rounds of incoming AK-47 fire. The CAP's CF displaced to assist in the sweep but contact could not be reestablished. Artillery was fired on the suspected escape routes.

112340H Aug 69. An element from CAP 4-1-5, while on ambush, sighted rocket launchings at 5800 miles from YD22614 at an estimated distance of 4,000 to 5,000 meters. Another ambush activity from CAP 4-1-4 sighted rocket launchings at 5600 miles from YD22523 at the same time. The sightings were reported to Dong Ha Base Defense.

140900H Aug 69. A patrol from CAP 4-1-5 located 352 National Liberation Front propaganda leaflets at YD22517 which had been distributed by an unknown size enemy force on the night of 13-14 August 1969. Samples of the leaflets were forwarded to III MAF.

170145H Aug 69. The night CF of CAP 4-1-11, at YD331148, came under attack by 20-30 VC who fired six 60mm mortar rounds from the vicinity of YD305485, four B-40 rocket rounds, nine hand grenades, and 350 AK-47 rounds over a period of 1/2 hours. Artillery illumination and HE missions were fired as ambush activities consolidated and swept back to the CP. The CAP fired 600 rounds S/A, 21 M-79s, 15 60mm mortar rounds, and detonated two claymore mines. A reaction force of one tank platoon from an adjacent U.S. Army unit assisted in the sweep of the area which located evidence of six enemy casualties, over 150 expended AK-47 rounds and one B-40 rocket with carrying string attached.

CACO 4-2 continued operations in Hai Lang District with the Company Headquarters located at the District Headquarters compound. Significant contacts with the enemy are as follows:

012330H Aug 69. Hai Lang District Headquarters compound, at YD445440, received four rounds of incoming rocket propelled grenades. CACO 4-2 Headquarters, located in the compound, received no fire. A counter battery was fired with artillery and mortars on the suspected enemy positions. A sweep of the area produced negative results.
021720H Aug 69. CAP 4-2-16, operating east of the O Giang river, observed a fire in the refugee camp at YD448466. Using small boats and a footbridge, the CAP crossed the river to assist in the evacuation of villagers and provide medical treatment for the burned Vietnamese. A bucket brigade was organized and the extremely hot fire brought under control after destroying approximately 50% of the 125 homes in the hamlet.

252305H Aug 69. An ambush from CAP 4-2-14 observed 4 or 5 enemy moving away from their position at YD425526. With no chance of intercepting the enemy S/A and M-79 fire was initiated by the CAP. No return fire was received. A sweep under illumination proved negative.

CACO 4-3 continued operations in Trieu Phong District with the Command Post located in the District compound. Significant contacts with the enemy included:

12000H Aug 69. A patrol from CAP 4-3-2 sighted two VC at YD355615 and opened fire. Small arms fire was returned by the enemy. One enemy was believed to have been hit. The area was swept under illumination with negative results.

142137H Aug 69. A patrol from CAP 4-3-5 fired S/A and M-79 upon three VC observed departing a house in the An Tru hamlet at YD375563. Two incoming grenades were received as the enemy attempted to break contact and hide in the hamlet. The patrol killed one male VC dressed in black shirt and trousers and carrying a pack. A sweep was conducted under responsive artillery illumination during which two male and four female VCS were captured.

171400H Aug 69. A patrol from CAP 4-3-3 and one RF platoon were fired upon by one VC with 12 rounds of AK-47 fire while conducting a joint sweep at YD368582. The patrol returned fire with S/A and M-79 killing the VC.

210235H Aug 69. The night CP of CAP 4-3-4 received incoming fire from an enemy squad size unit. Seventy-five AK-47 rounds, one RPG-7 and 3 fragmentation grenades were countered by 350 M-16 rounds placed selectively due to civilian population. A sweep under illumination failed to develop the contact.

302300H Aug 69. A patrol from CAP 4-3-5 observed two VC moving east to west at YD380578 and took them under fire with small arms and M-79. The VC withdrew immediately to a treeline to the east. Approximately 40 rounds of small arms fire was received by the patrol. The contact was further exploited under illumination and a search of the area revealed one VC KIA.
Total operational statistics relating to the CAPs for the month of August are as follows:

ADMINISTRATIVE ASSISTANCE.

Most of the Marines assigned to the Group S-1 office are relatively inexperienced in handling administrative duties of the Marine Corps. Every effort is being made to develop these Marines to an acceptable level of proficiency.
MORALE AND WELFARE.

The morale of the unit continues to be excellent. There are recreational activities available for all hands. Quotas for both in-country and out of country Rest and Recuperation (R&R) are effectively being utilized. Twenty seven out of country quotas were allocated from III MAF and utilized by the Group.

MAIL.

Mail is processed and expeditiously delivered as quickly as operational requirements permit. The monthly postal inspection revealed no discrepancies. Daily average of mail processed was as follows.

<table>

CONGRENTS/SPLINTS/WRAP

This command received and processed four congressional interest letters during the month. These concerned two inquiries into the return of Marines to CONUS, one concerned fitness for duty of a Marine and one concerned the weapon issued to a Marine. No special interest letters were received by the Command during the month. One welfare report was processed which answered the concern of parents over a lack of correspondence from their son.

SPECIAL SERVICES.

During the month the Special Services program continued with the acquisition of items for Marines and Corpsmen of the command. The following items were dispersed throughout the command. One hundred pair of tigers, 10 sweat shirts, 30 pair of tennis shoes, 150 packs of writing gear, 200 paperbacks, two basketballs, two footballs, and two sets of horse shoes. Beer and soda continue as items of standard resupply for the field troops.

HOSPITAL AND BRIG VISITS.

Weekly hospital visits were made by an officer of the command, and daily visits were made by a medical department representative. No welfare or other problems were uncovered. The command had one man confined who was visited by an officer of this command. The Marine received $10.00 health and comfort payment.
Combined Action Corpsman continue to play a key role in the pacification effort. MEDCAP attendance for August numbered 7,362 compared favorably to the 6,100 treated in July. The response was particularly favorable in the newly occupied areas of coordination in Hai Lang District. The CAP Corpsman continue to train civilian health workers and the Popular Forces Corpsman who have helped to reduce the medical problems in their villages. By working side by side with the CAP Corpsman, in the prefabricated dispensaries discussed in other command chronologies, the Vietnamese are able to learn while using American equipment and supplies. The people are responding to these new health centers with a great deal of enthusiasm as the MEDCAP figures demonstrate.

The assignment of a Chief Corpsman to the group provided an increased level of supervision for the CAP Corpsman. Minor deficiencies were identified during an inspection tour and corrective action has been instituted. A monthly conference of the CAP Corpsman was held on the first Sunday of the month. Schooling was conducted, problem areas discussed with particular emphasis on methods of reducing lost duty time which results from non-battle ailments.

During the month, a shortage of Hospital Corpsman for assignment to the CAPs continued to hinder the overall effectiveness of the 4th Combined Action Group’s capability to render treatment to the Vietnamese people. However, with the influx of personnel presently attending CAP school, the problem should be eliminated.

DENTCAP participation has dropped during the month due to a shortage of dental officers available from 3rd Medical Battalion. Total dental patients treated was 192. 601 MEDCAP patients were treated in conjunction with the visitations of the dental officers.

Treatments at the Headquarters Aid Station numbered 208. This was a decrease over last month's total, primarily due to better weather, a lack of enemy contact, an influx of personnel and improved treatment by Corpsman at CAP and CACO Headquarters levels. The majority of patients treated at Headquarters fell under dental, intestinal and dermatology categories. A breakdown and classification of patients treated at the Group Headquarters follows:

<table>

Total number of patients treated at Group = 208
During the month of August, progress was continued in providing better logistical support for 4th CAG. Improving facilities and procedures received considerable attention. Construction continued on the new messhall and on the ready issue warehouse in the supply section. Major items of equipment were acquired during the month which eliminated T/E deficiencies previously noted.

The supply section focused its attention on warehousing. A new bulk storage facility was made available by consolidating bagage storage in a single building. Two hundred 4.2 cubic foot mount-out boxes are under construction, which will be used as shelves in all four warehouses. These boxes will be numbered and placed on a manifest to facilitate rapid movement. In accordance with MCO P4450.7 all boxes will be labeled, and a locator numbering system established. An inventory of serialized weapons was conducted to include updating individual weapon records, and a technical inspection of weapons in the field. In the armory, hot lockers and racks were built.

In late August, monsoon gear was issued from Force Logistics Command. 4th CAG's authorization included rainsuits, foxhole covers, waterproof plastic sheeting and waterproof pistol covers. Major equipment and T/E items that arrived during August includes an armorer's tool kit, one water trailer invoiced to 4th CAG by the 9th Marines, one trailer, cargo (M105A2), one switchboard telephone manual (SB 22/PT), and a recorder reproducer.

The generator situation of the Command continued to be critical. A 30KW generator on temporary loan became unserviceable due to its age. The situation has been alleviated by the temporary loan of a 60KW generator from the 74th Naval Construction Battalion. A status message (29302 Z Aug 69) from Third Force Service Regt stated that the deadline P4482 generator was received on 19 February 1969, at Public Works Center, Yokosuka, Japan for repairs. The estimated time to complete repairs is unknown. Meanwhile, another P4482 generator remains on order with a requisition status of "passed to Philadelphia". A GA card has been submitted.

On 25 August Major McCann from G-4, Third Marine Amphibious Force Headquarters visited 4th CAG to discuss and instruct the Supply Officer and Supply Chief on current procedures for the reporting of GA and GB cards under the MARES system. Problem areas were resolved and recomputation of combat essential equipment on hand resulted in a change from C-1 to C-2 classification of combat readiness.

Several requests were forwarded to the Third Marine Division for support and assistance. These included a request for five boats and five motors to be used for CAG resupply during the monsoon season. Classes have been arranged with the Third Shore Party Battalion to instruct 4th CAG personnel on the proper use and maintenance of this equipment. Twenty five loads of gravel have been requested for use in the Headquarters and at the three CACO Headquarters to aid in erosion control during the monsoon season. A request for eight 4x8 prefabricated bunkers are needed to replace the eight non-standard bunkers presently in use at the group headquarters.

Five additional Vietnamese nationals were hired, bringing the total strength to nine. These new personnel are employed in the messhall, motor pool and as area police crews.
The Fiscal Section shows an authorization of $134,000.00 for the first quarter of Fiscal year 1970. During the month of August $21,227.92 was obligated, bringing the present obligated total to $39,439.44 for the quarter.

The Motor Transport section logged 17,638 miles during the month. During this period one minor vehicle accident occurred.
During the month of August, the 4th Combined Action Group was active in civic action in Dong Ha, Trieu Phong, Ha Linh and Hai Lang Districts in Quang Tri Province. 7,560 Vietnamese were treated by CAP Corpsman and Marines during MEDCAPS and an additional 18 were evacuated for more extensive treatment. 3rd Dental Company treated 191 Vietnamese during DENTCAPS held at CAP 4-2-12, CAP 4-3-12, CAP 4-3-7, CAP 4-2-12 and CAP 4-2-11. The CAPs were active in distributing 2,025 lbs of food, 20 lbs of clothing, 470 lbs of soap, 18 CARE kits (carpentry, masonry, sewing), and 560 school kits. 8 metric tons of cement were purchased with AID funds and GVN purchase orders from warehouses in Dong Ha and Quang Tri and delivered to CAPs for various civic action projects. Various items such as paint, lumber, roofing tin, and salvaged materials were also utilized.

100,000.00 $VN (AID Funds) were received from 3rd Marine Division and XXIV Corps for purchases of civic action materials not available through formal channels. Funds were utilized to purchase cement and tin on the open market in Quang Tri and Dong Ha.

CAP units were active in construction during the month and the following projects were completed:

A MEDCAP dispensary is currently under construction at CAP 4-1-5. The dispensary in Nhu Le CAP 4-1-11 treated 756 Vietnamese during the reporting period which pointed out the viability of the dispensary concept in a mobile CAP AOG. The CAP Corpsman assisting at the Co Luy hospital in the AOG of CAP 4-2-12 treated over 500 Vietnamese during the month and has been able to assist the Catholic Nuns improve the already excellent medical program in that area of Hai Lang District. MEDCAPS continue to play a major role in civic action projects and CAP civic action NCOs have been instructed to work closely with the Corpsman.
A temporary prefabricated dispensary was started by CAP 4-1-5 with FF platoon #82 being tasked with the building of a permanent cement block village dispensary. The lumber frame building will then be turned over to the hamlet to be used as an office. CAP 4-2-12 assisted schools in the area by donating 400 school kits, but the major effort was the delivery of 50 sacks of cement, and CARE masonry kits for the Co Luy hospital (YD447534) which is under construction by the villagers. CAP 4-2-16 at Thon Tri (YD485444), assisted villagers in rebuilding their homes which were destroyed by fire. Forty sacks of cement, 250 lbs. of whitewash, 160 sheets of tin, 50 lbs of nails, six masonry and carpentry kits and 60 lbs of soap were were distributed to eight families so they could rebuild their homes. The District Chief was very cooperative in his support and cleared away several GVN administrative details along with providing FF personnel to assist the CAP.

CAP 4-3-5 at An Tru (YD378578) completed a 54 foot, single lane, class 8 (3/4 ton load limit) timber bridge in one day with the FF platoon and Marines working with the villagers. The heavier timbers and decking had been pre-cut at 4th CAG Headquarters by the Marines and FFs of CAP 4-3-5 and Trieu Phong District supplied a truck to transport materials to the site. Major Nhien, the District Chief, was on hand during the construction. The villagers were allowed to keep the tools used during the construction of the bridge and 200 lbs of extra nails and spikes along with the lumber that remained left after construction was completed. Part of the lumber has already been used to build desks and chairs for the school which is still being repaired. This project along with installations of two P TOFS bulletin boards has seen a marked improvement in the area and has already increased the villagers interest in further self-help projects.
PART III

SEQUENTIAL LISTING OF EVENTS

On 1 August 1969, Mrs. Irene Wiley, a noted artist and sculptress, visited CAPs 4-1-11, 4-1-12, 4-1-6, and 4-3-9 after a briefing at CAG Headquarters. She was an overnight guest at CAG Headquarters.

051600H Aug 69. Vietnamese children turned 112 .50 caliber rounds over to a patrol from CAP 4-2-12 at YD338477. The ammunition was delivered to an EOD team and a reward payment was made to the children.

On 5 August 1969, Col. C. R. BURROUGHS, Assistant Chief of Staff, Combined Action Program was briefed by the Commanding Officer of 4th CAG and then visited CAPs 4-1-4, 4-2-12, and 4-3-3.

052240H Aug 69. Under illumination, an ambush activity from CAP 4-1-12 sighted two armed VC in a restricted area at YD346479. Two surviving 2P's fired 34 rounds of 5.56 ammunition at the enemy who disappeared into the brush. As the ambush deployed to sweep the contact site, thirty rounds of incoming AK-47 and carbine fire were received from a range of 100 meters. 150 rounds of 5.56 were returned as the activity maneuvered to exploit the contact. The sweep continued without incident and the activity reestablished their ambush at a new site.

On 6 August 1969, Lt. General H. NICKERSON, Commanding General, III Marine Amphibious Force, visited CAP 4-1-4, 4-2-12, and 4-3-3 after being briefed by the CACO Commanders.

061500H Aug 69. A patrol from CAP 4-2-13 located a dud 155mm artillery round rigged as a surprise firing device with a trip wire at YD428557. While waiting for an EOD team, a Vietnamese child pointed out to the patrol the location of one 40mm grenade also rigged as a surprise firing device. Both were destroyed by the EOD team and a reward payment was made to the child.

On 8 August 1969, the Commandant of the Marine Corps, General Leonard F. CHAPMAN, visited CAP 4-3-3 after a briefing by the Commanding Officer of 4th CAG and the CACO Commander of CACO 4-3.

091600H Aug 69. A patrol from CAP 4-3-2 located 16 bunkers measuring (4'x3'x5') showing signs of recent use at YD357627. One 60mm mortar round, one loaded AK-47 magazine, one SKS clip, one NVA canteen, camouflage netting, one small first aid kit, and one sweater containing bullet holes were found in the bunkers. The bunkers and ordnance was destroyed and the equipment was evacuated to DIOCC for intelligence evaluation.

091700H Aug 69. A patrol from CAP 4-3-6 located and destroyed one (12'x5'x4') bunker showing signs of recent occupation. The bunker contained one sub-machinegun type 50, 22 rounds of .45 caliber, three rounds of 9mm ammunition, one NVA compass, and one bloody battle dressing. All ordnance and equipment were evacuated to DIOCC for intelligence evaluation.
100200H Aug 69. Villagers led a patrol from CAP 4-2-13 to an Chi-Comm grenade located at YD426555. The grenade was destroyed by an EOD team and a reward payment made to the villagers.

100200H Aug 69. A patrol from CAP 4-3-2, investigating unusual noises, observed a culvert on Highway 1 being blown with demolitions. Three enemy were seen departing the scene at 200 meters range as the patrol illuminated with pop-ups. The patrol fired 10 M-79 and 150 S/A rounds and received 50 rounds of incoming AK-47 fire. The CAPs CP displaced and assisted in a sweep but contact could not be reestablished. Artillery was fired on the suspected escape routes.

On 11 August 1969, Major General WHEELER visited the 4th Combined Action Group Headquarters and was briefed on the operation and function of 4th CAG by the Commanding Officer of 4th CAG and all CACO Commanders.

112340H Aug 69. An element from CAP 4-1-5, while on an ambush, sighted rocket launchings at 5800 meters from YD228514 at an estimated distance of 4,000 to 5,000 meters. Another ambush activity from CAP 4-1-5 sighted rocket launchings at 5600 meters from YD226623 at the same time. The sightings were reported to Dong Ha Base Defense.

120200H Aug 69. A patrol from CAP 4-3-2 sighted two VC at YD355615 and opened fire. Small arms fire was returned by the enemy. One enemy was believed to have been hit. The area was swept under illumination with negative results.

131800H Aug 69. A villager delivered two sealed metal containers containing 1,270 AK-47 rounds to a patrol from CAP 4-2-15 at YD478436. The ammunition and containers were delivered to DIOCC and a reward payment was made to the villager.

140900H Aug 69. A patrol from CAP 4-1-5 located 352 National Liberation Front propaganda leaflets at YD225617 which had been distributed by an unknown size enemy force on the night of 13-14 August 1969. Samples of the leaflets were forwarded to III MAF.

142337H Aug 69. A patrol from CAP 4-3-5 fired S/A and M-79's at three VC observed departing a house in An Tru hamlet at YD379563. Two incoming grenades were received as the enemy attempted to break contact and hide in the hamlet. The patrol killed one male VC dressed in a black shirt and trousers and carrying a pack. A sweep was conducted under responsive artillery illumination during which two male and four female VCS were captured.

151600H Aug 69. Vietnamese civilians turned in one Chi-Comm 60mm mortar round and 70 AK-47 rounds to a patrol from CAP 4-2-13 at YD435551. The ordnance was delivered to District Headquarters and a reward payment was made to the Vietnamese.
171400H Aug 69. A patrol from CAP 4-3-3 and one RF platoon was fired upon by one VC with 12 rounds of AK-47 fire while conducting a joint sweep at YD368583. The patrol returned fire with S/A and M-79 killing the VC.

170145H Aug 69. The night CP of CAP 4-3-112 at YD311481, came under attack by 20-30 VC who fired six 60mm mortar rounds from the vicinity of YD495585, four B-40 rockets, nine hand grenades, and 350 AK-47 rounds over a period of 1-2 hours. Artillery illumination and HE missions were fired as the ambush activities consolidated and swept back to the CP. The CAP fired 600 rounds of S/A, 24 M-79, 15 60mm mortar rounds, and detonated two claymore mines. A reaction force of one tank platoon from an adjacent U.S. Army unit assisted in the sweep of the area which located evidence of six enemy casualties, over 150 expended AK-47 rounds and one B-40 rocket with carrying string attached.

18 August 1969. CAPs 4-3-2, 4-3-3 and 4-3-5 participated in an operation sweeping the area in the vicinity of YD3760. The following items were located and destroyed: One tomato can mine, one 105 round rigged as a surprise firing device, one dud 81mm mortar round, and one U.S. microphone from A/C. A packet of documents were located in a bunker and were delivered to DIOCC.

20 August 1969. On this date Vietnamese civilians turned in the following ordnance to CAP 4-2-13: One B-40 rocket round, one loaded AK-47 magazine, and 1 155mm HE artillery round. The ordnance was destroyed and a reward payment made.

On 21 August 1969, the Honorable John H. Warner, the Under-Secretary of the Navy, visited CAP 4-3-3 and was briefed by the Commanding Officer of 4th CAC and the CACO Commander of CACO 4-3.

210405H Aug 69. A Marine on CP security for CAP 4-3-7 heard voices and movement on the opposite side of the perimeter from his location. He moved to the location of the noise and shouted a challenge. Receiving no reply, he fired three rounds in the air. Figures were observed running and the Marine fired one magazine of M-16 ammunition at the fleeing figures who later proved to be PPs from the CAP. Four PP were seriously wounded. Air WESVAC was completed expeditiously.

210235H Aug 69. The night CP of CAP 4-3-6 received incoming fire from an enemy squad size unit. Seventy-five AK-47 rounds, one BFG-7 and three grenades were countered by 350 M-16 rounds placed selectively due to civilian population. A sweep under illumination failed to develop the contact.

211730H Aug 69. Vietnamese children turned in two Chi-Comm grenades in wrappers to CAP 4-2-15 at YD432518. The grenades were destroyed and a reward payment was made.

212015H Aug 69. A Vietnamese boy delivered three B-40 rounds to a patrol from CAP 4-2-15 at YD479438. The rocket rounds were destroyed and a reward payment was made.
22 August 1969. After intensive broadcasts over the past week, the following ordnance was delivered to the Group PSTOPS team: Seventy 82mm/82mm mortar rounds; seventeen 60mm/60mm mortar rounds; twenty-seven Chi-Comm grenades; eight 105mm dud rounds; one 4.2 dud round; one B-41 round; three 155mm dud rounds; one RPG magazine; and two 57mm recoilless rifle rounds. One B-40 round was delivered to CAP 4-2-14 at XD427527. All of the ordnance was delivered to EOD and reward payments were made.

231630H Aug 69. An ambush from CAP 4-2-14 observed four or five enemy moving away from their position at XD425526. With no chance of intercepting the enemy S/A and M-79 fire was initiated by the CAP. No return fire was received. A sweep under illumination proved negative.

271615H Aug 69. A patrol from CAP 4-2-16 at XD494459 located the following items buried in a cache, which appeared to be one year old, twelve 60mm mortar rounds, one B-40 rocket, one dud 105mm round, fifty AK-47 rounds, three Chi-Comm AP mines. The ordnance was destroyed in place by an EOD team.

280930H Aug 69. A Vietnamese boy turned in one 82mm mortar round to CAP 4-2-13 and received a reward payment. While searching the adjacent area, a CAP patrol located one surprise firing device rigged with a bottle of unidentified explosives. Both were destroyed by an EOD team.

301800H Aug 69. A Vietnamese elder, while working in a field, found one Chinese sub-machinegun in working condition at XD355615 and turned it over to CAP 4-3-2. A reward payment was made.

301800H Aug 69. A Vietnamese boy turned in one AK-47 magazine and 57 rounds at XD421557. The boy led a patrol to a 155mm artillery round and a 60mm mortar round rigged with a surprise firing device. The latter ordnance was destroyed in place and a reward payment was made.

302300H Aug 69. A patrol from CAP 4-3-5 observed two VC moving from East to West at XD380578 and took them under fire with small arms and M-79 fire. The VC withdrew immediately to a treeline to the East. Approximately 40 rounds of small arms fire was received by the patrol. The contact was further exploited under illumination and a search of the area netted one VC KIA.

7 KM SOUTH OF QUANG TRI CITY

CHARLIE - (When, DTG incident occurred) 170945+8 August 69.

DELTA - (Who, What, How) The night CP of 6-1-11, at X131461, was under

attack by 30-35 VNs who fired six 81mm mortar rounds from the vicinity of X130565,

four 84mm rockers, nine hand grenades, and 350 AK-47 rounds over a period of 1

hours. Artillery illumination and flak missions were fired as the actual activities

consolidated and swept back to the CP. The CP fired 600 rounds of 3/A, 21 60mm,

15 60mm mortar rounds, and detonated two claymore mines. A reaction force of

ECHO - (Results) one tank platoon from an adjacent U.S. Army unit was led in the

sweep of the area which located evidence of six enemy casualties, over 150

expended AK-47 rounds and one 84mm rocket 4th carrying string attached.

</table>

- Leaflets will be hand delivered to adults, using PFs, APTs, and hamlet and village officials to encourage discussions of the themes. Face to face contact is more important than quantity of leaflets distributed.

- Appropriate themes to exploit particular events are contained in Annex B. These themes are designed for the rapid followup of a contact or event. Kit Carson Scouts or PFs can use these themes for face to face meetings with the people.

- A twenty-four hour leaflet producing capability is available at Sector Headquarters. CACOs submit basic ideas by message and an appropriate theme will be developed, reproduced and delivered to the CACO.

- A Revolutionary Development Cultural Drama Team and the 3rd Marine Division PSYOPS Sound and Movie Van are available. Submit requests to the Group S-3 one week prior to the employment date. CAFS must provide advertising for the event and security for the teams.

- Emphasis will be placed on the Volunteer Information Program. Swift payment of awards and timely reporting of information derived from volunteered information will increase the effectiveness of this program. See Annex C for appropriate payments for ordnance and information.

- The grid coordinates of the employment locations for the RD Cultural Drama Teams, PSYOPS Sound and Movie Vans and RD backpack loudspeaker teams will be submitted at the time of request.

- All incidents of enemy employment of PSYOPS will be reported immediately by an operational spot report. Samples of all enemy PSYOPS materials will be expedited to forward to the Group Headquarters.
4. **Administration**

   a. Leaflets and posters will be pre-packaged for each CAP and distributed weekly by this headquarters to all CACOs.

   b. Weekly PSTOPS reports are required by 1200 each Wednesday using the format contained in Annex D.

   c. Spot reports are required when an observation can be made of the PSTOPS campaign results.

   d. VIP Funds will be distributed to CAP level.

5. **Command and Communications - Electronics**

   a. Current COI and COMM SOP.

1. Summary of Enemy Situation. See current intelligence summaries. There has been a notable increase in enemy political and propaganda activities since the announced pullout of a portion of U.S. troops. This increased activity has been interpreted to be either the prelude to an increased military activity or a de-escalation by the enemy to offset our withdrawals.

2. Essential Elements of Information.
   a. Which families have relatives who are Viet Cong.
   b. Which families are sympathetic to the Viet Cong cause.
   c. Which individuals will accept payment to reveal the location of enemy caches.
   d. Which individuals will identify the VC Cadre of Infrastructure in return for payment.

   a. Coordinate the collection effort of the platoons. Report information to the District DI/OC and this headquarters.

   a. Prisoners of war and Chieu Hois. Prisoners of war will be handled in accordance with the current SOP. Prisoner of war will not be mistreated or mishandled. Chieu Hois are instructed to surrender in the daytime and that they need not raise their hands above their heads.

   b. Documents. It is important that documents be labeled with the location and date-time-group of capture and that they be identified with the individual carrying the documents. Any documents which appear to have PSYOPS value will be duplicated and a copy or sample forwarded to this headquarters by the most expeditious means possible.

TO THE PEOPLE OF THE __________ AREA

The Vietnamese villagers love freedom and security for his family and his home. Every night Popular Forces belonging to your area go on patrols and ambushes so that they can protect the hamlets they love from the Viet Cong terrorism. Last night the Popular Forces bravely engaged the enemy and drove the intruder from your area, however, in doing so, _______ of your villagers valiantly sacrificed his life.

So that this brave son of yours did not die in vain, you must become more determined than ever to help the Vietnamese government rid your area forever of the Viet Cong menace.

We earnestly request you to aid your government and protect your village by:

- Showing us the locations of VC members
- Showing us the ammunition and weapons caches
- If you have VC in the ranks, appeal to them to avoid death or capture by returning to their government, which will receive them with open arms.

Help your brave sons who sacrifice their lives so that your village can have peace again.  

B-1
ANNEX B

ĐỀ NÚC : CHIỀU-HOI

Sau khi rời khỏi trung-tấn, các bạn là một công dân của Việt-Đông Cộng-Hòa và được cung cấp phương tiện cũng như tiền bạc và vật dụng khác giúp các bạn bắt đầu một đời sống mới trong tự-do và hạnh-phúc. Các bạn hãy chọn chỗ ở của mình, những phần đóng các bạn trở về trước đây chọn sống; trong thời lang đặc biệt cũng với bạn bè và thân quen... Các bạn cón được giúp đỡ một số tiền 10.000, xi măng, tôn, để tạo dựng nhà cửa, 2.000$ mua sắm bản ghe... trong khi chờ đợi các bạn bị canh tào de sinh sống, Chinh-Phủ sẽ cung cấp gao trong vòng sáu (6) thằng.

CHIỀU HOI ĐÔ HOÀ BÌNH SƠN VÀN SƠI

THEME : CHIỀU HOI

YOUR COMMUNIST LEADERS IN NORTH VIETNAM HAVE MADE MANY FALSE PROMISES TO YOU AND YOUR COMPATRIOTS. RALLY TO THE TRUE REPUBLIC WHICH KEEPS ITS PROMISES AND TAKES CARE OF ITS PEOPLE.

Many former North Vietnamese soldiers have found peace, happiness, and new homes in Vietnam. You, who rally to the true People Government, will remain in the Chieu Hoi Center for about two months, where you will receive medical care, rest from your long months of fighting in the jungles or rice paddies, plenty of food, and new clothing. You will also receive a money reward for any weapon turned over to the authorities. After you leave the Chieu Hoi Center, you will be granted full citizenship in the Republic, and you will be given enough money and supplies to help you start a new free life. You may live where you wish, but many former North Vietnamese prefer to live in special hamlets with their friends and compatriots... If you do, you will receive VND 10,000, cement, and roofing to build a house, VND 2,000 for furniture, and six month rice subsistence while developing your own farm
ANNEX B

\[\text{ANNEX B}\]

De giữ an ninh cho đồng bào trong Quân, Thủy Quân Lục Chiến Hoa Kỳ phối hợp với Nghĩa Quân thường phục kích khắp quân đội tiêu diệt Cộng Sản. Việc bảo đảm chính xác những quy phạm của cuộc đồng bào. Đơn vị của Thủy Quân Lục Chiến Hoa Kỳ và Nghĩa Quân đã dùng dọ với Việt Cộng. Sau một hồi giao tranh, trục hoa lực mạnh mẽ của quân đội ta, Việt Cộng chung nhau chạy trốn bố lãi tài tran xác chết đồng bò. Đề công cuộc tiêu diệt Việt Cộng nhằm vung đột hiệu lực hơn.

Chúng tôi thề thiết kế đồng bào giúp đỡ chúng tôi bằng cách:
- Chỉ rõ trấu của Việt Cộng, đề chứng tội tiêu diệt.
- Chỉ rõ chỗ chốn đầu tục-kiệu của Việt Cộng, đề chứng tội tịch thu.
- Nếu ghi-dánh nào có con em lọ theo Cộng Sản, thì hãy kiến gối chung sâm tro về với Quốc Dĩa, đề khởi chót can uong, cảnh của chiến hối dâng nước, đề đón nhận họ tro về xây dựng quê hương.

Đồng bào hãy tin tưởng và giúp đỡ chúng tôi tận diệt Cộng Sản.

TO THE PEOPLE OF _______ DISTRICT

In order to establish security in your area, the U. S. Marine units combine with Popular Forces to set ambushes every night around the district area to prevent the VC from seizing your rice, collecting taxes, etc. Last night, the Combined Force fought an intruding VC force and the communists withdrew, leaving behind ______ of their comrades' bodies.

We earnestly request you to help us by:
- Showing us the locations of VC members.
- Showing us the ammunition and weapons caches.
- If you have VC in the ranks, appeal to them to rally to avoid their death or capture. The Open Arms Program always receives anyone who has lost their way. Please encourage them to return to the national cause, and their families.

Trust in us and help us to destroy the communists who prevent peace from coming to Vietnam.  B-3
ANNEX B

DÔNG-BÀO CHỦ YÊU

Bọn Cộng-San hến nhất đã chôn mình trong thôn áp động-bào vì chúng không
can đến xã đến tỉnh mang của động-bào. Chúng đã đày động-bào vào cho hiến
ngheo và các nạn nhân cơ thể là con an, thân quyền trong gia-dình động-bào.

Vậy đúng de cho bọn chúng gây đủ mê khi động-bào mảm. Hãy chỉ cho
Quân-dội Việt-Đông Cong-hoa và Đông-minh noi mìn chỉ Việt-Cong chơn đầu, động-
bào se duốc tương thương cùng. Như thế, động-bào via tránh được những
cái chết hiến ngheo, via tạo lập an ninh cho thôn áp.

For information which leads to the successful recovery of PWs special amounts in excess of 10,000$VN will be made. Amount will be determined by the Commanding General III MAF.

Information of imminent attack by mortar, rocket, or artillery in which the weapons are captured or destroyed in firing position, amounts up to 100,000$VN may be authorized by III MAF.

2. The above list does not cover each and every type of information for which payment can be made. When the situation does not fall into one of the examples listed above, that example most nearly describing the situation will be used.

3. If the material provided by the informant is not in servicable condition, payments below the minimum amounts are authorized and encouraged. Further, if the custodian making a disbursement has insufficient funds to execute the minimum payment for an item listed above, and timely payment is desirable, payments below the minimum are authorized. All questions regarding the appropriateness of any disbursement will be referred to the Group S-3.

4. Under no circumstances will any expenditure of VIP funds in excess of 10,000$VN be made without prior approval of the Commanding General, III MAF.

5. Rapid payment is desirable.

Subjk: Operational Guidelines for Fire Support

Encls: (1) Fire Support Agency Call Signs and Frequencies

1. **Purpose.** To publish the procedures for requesting fire support.

3. **Background.** To obtain fire support from artillery and mortars or to fire organic mortars, two types of clearance must be obtained: political and military. Each Combined Action Platoon (CAP) Area of Coordination could conceivably require separate clearance procedures. These clearances will be obtained by the fire control agency from which fire is requested. From a CAP, fire can be requested through the Popular Force (FF) chain of command and/or the Marine chain of command. To fulfill the training objectives of the Combined Action Program, CAP Leaders will cause requests for fire to be forwarded through Vietnamese channels when at all possible. All preplanned (on-call) fires should be requested by the FF through Vietnamese channels and forwarded to the Combined Action Company (CACO) for information and coordination purposes on the CACO tactical net. Where possible, an Army of the Republic of Vietnam (ARVN) battery will be used to support a FF request for fire.

4. **Action**

   a. CAPs. CAP Leaders will preplan fires daily with the FF Platoon Leader for all patrols, OPs, and ambushes. Illumination concentrations, in addition to high explosive concentrations, will be planned for all night activities. These requests will be forwarded through Vietnamese channels on the District tactical net. CAPs will request clearance for on-call or unplanned organic mortar fire in the same manner. When it is impossible or impractical to plan or call fires through the FF request chain due to the unavailability of FF radios or the lack of FF presence, CAPs will originate requests for fire via the U. S. channels by calling the CACO on the CACO tactical net.
b. CACOs

(1) FF request for artillery or mortar fire support. When the CACO receives notification of a FF request for fire, he will notify the appropriate District Senior Advisor that the request is forthcoming on the Vietnamese tactical net. All subsequent communications relating to the mission will be through Vietnamese channels.

(2) Marine request for artillery or mortar fire support. The CAP will forward the request to the CACO on the CACO tactical net. The CACO will contact the proximate U.S. FSOC on the Conduct of Fire/Fire Direction Net (COF/FD) and relay the request for fire. (See enclosure (1) for proximate units, call signs and frequencies). The CACO will then notify the District Chief of the request so that the District Staff can evaluate the request for political approval. The proximate U.S. FSOC will obtain the necessary military and political clearances and allocate the mission to a Fire Direction Center who will assign a Firing Battery. The CACO will relay adjustments of the fire to the firing unit on the COF/FD net.

(3) Organic mortar fire. Requests by the CAPs to fire organic 60mm and 81mm mortars will be forwarded for clearance through the Vietnamese channels or the U.S. chain as described above. CACOs do not have the authority to clear these fires.

5. Classification. Upon removal of enclosure (1) this text becomes unclassified.

Subj: Operational Guidelines For Employment of Aircraft

Encls: (1) Call Signs and Frequencies (Confidential)
(2) MEDEVAC Request
(3) Helicopter Pilot Briefing

1. Purpose. To publish procedures and communication means for employment of aircraft.

2. Information. Personnel of this command will be guided by the following instructions when requesting and using aircraft support.

   a. Gunships

      (1) When a unit is involved in a heavy enemy contact, helicopter gunships or fixed wing "Spooky" gunships may be requested to give fire support. Combined Action Company (CACO), Commanders will submit a request for gunship employment to this Headquarters in the following format:

         (a) Estimated enemy strength.
         (b) Direction of enemy attack.
         (c) Enemy weapons.
         (d) Enemy location.
         (e) Friendly location.

      (2) The Group Operations Officer will screen the request and forward it to Dong Ha Direct Air Support Center (DASC). (See enclosure (1) for call signs and frequencies).

      (3) In the event the CACO Commander cannot contact this Headquarters, he will submit his request directly to the Dong Ha DASC.

   (4) Gunships will normally communicate with the Combined Action Platoon (CAP) on the CACO tactical net.

   (5) CACOs will direct CAPs to be prepared to mark their positions at the command of the flight leader.

GROUP ORDER 1601.1A

From: Commanding Officer  
To: Distribution List

Subj: Watch Regulations

Ref: (a) LFM, Chapter 5, Section II

Encl: (1) Special Orders for the Staff Duty NCO  
(2) Special Orders for the Duty Sergeant  
(3) Special Orders for Sentry Post #1  
(4) Special Orders for Sentry Post #2

1. Purpose. To establish interior guard orders for the Group Headquarters.

2. Cancellation. Group order 1601.1

3. Action. All duty personnel will be guided in the performance of their duties by reference (a) and the Special Orders contained in enclosures (1) through (4).

R. M. Cooper

DISTRIBUTION "A"
SPECIAL ORDERS FOR THE STAFF DUTY NCO

1. General. The Staff Duty Non-Commissioned Officer (SDNCO) will be assigned by a watch list prepared by the Group S-1. The 24 hour tour of duty will commence at 0730 when the new and old SDNCO report to the S-3 Officer for posting and relief. The uniform will be utilities and the SDNCO need not be armed unless the tactical situation so dictates. From 0730 until 1800 the SDNCO will be at his place of regular duty. From 1800 until 0730 he will be at the appropriate location to supervise the administration and security of the command post.

2. Duties. The SDNCO will:
   a. Post, supervise, and relieve the Duty Sergeant at 0700 daily.
   b. Supervise the following events:
      (1) Revielle at 0600 Monday through Saturday (R&R area is exempt).
      (2) Transient and headquarters personnel formation at 0610 Monday through Saturday and at 1300 on Sunday.
      (3) Execution of morning routine to include police call, breakfast and clean-up.
         (4) Movie call at the enlisted recreation area at 1800 daily.
         (5) The posting of sentries at 2200 hours and their relief at dawn.
         (6) The securing of beer sales at the enlisted recreation area at 2100.
         (7) The securing of the enlisted TV lounge at the conclusion of broadcast hours.
   c. Make the following inspection tours:
      (1) At 2200 hours, tour the entire Headquarters ensuring that lights are out in the enlisted billeting area and ensure that there is no activity which might disturb the peace and tranquility.
      (2) Inspect all members of the guard between 2300 and 2400.
      (3) Inspect all members of the guard between 0100 and 0500.
   d. Maintain a log of all events occurring during the tour.

ENCLOSURE (1)
3. **Unusual events.** Any unusual event will be reported to the Group S-3 on Executive Officer immediately.

4. **Incoming artillery, mortars or rockets.** In the event of incoming, the 
   S3NCO will supervise the immediate movement of all troops in the billeting 
   area to covered bunkers. Troops will wear flak jackets, helmets and carry 
   weapons. When this is accomplished, he will report to the S-3 Officer at the 
   CCO bunker.
SPECIAL ORDERS FOR THE DUTY SERGEANT

1. General. The Duty Sergeant will be assigned by a watch list prepared by the Group S-1. The 24 hour tour of duty will commence at 0700 when the new and old Duty Sergeant report to the SINO0 for posting and relief. Uniform will be the uniform of the day and a duty belt. During working hours, the Duty Sergeant will be at his place of regular duty. From 1800 until 0700 he will be at the appropriate location to carry out his duties and responsibilities.

2. Duties. The Duty Sergeant will:

   a. Muster all sentries after morning formation and again at 2100 to instruct them on general orders, special orders, and the rules of engagement.

   b. Post and relieve each sentry.

   c. Ensure that all hands are up and about to commence the daily routine at 0600 on Monday through Saturday. On Sunday, musters will be held at 1245 and the daily routine will commence at 1300.

   d. Supervise morning routine to include police call.

   e. Report to the SINO0 at 2200 for any special instructions.

   f. Tour the Group area at least once between the hours of 0100 and 0400.

   g. Supervise the following activities.

      (1) Securing of sales in the enlisted recreation area at 2100 daily.

      (2) Lights out at 2200. At this time all lights will be out in the living quarters of sergeants and below, and all noise will be secured. The TV room may remain open until the TV station goes off the air.

      (3) Police call of the enlisted recreation area after all meals.

      (4) Sweepdown of TV room by Post #1 sentry at 2200.

      (5) Sounding of reveille at 0600 daily and at 0900 on Sunday.

ENCLOSURE (2)
SPECIAL ORDERS FOR SENTRY POST #1

1. General. This post is a roving patrol of the area bounded by headquarters personnel billets, transient billets, supply buildings, motor transport area, and the enlisted recreation area. Four personnel will be assigned on a daily watch list prepared by the Group S-1. The tour of duty begins at 2200 with subsequent posting and relief of sentries every two hours until dawn, at which time post #1 is secured. Sentries will wear utilities with a rifle cartridge belt containing two loaded magazines. He will be armed with an M-16 rifle. The sentry will not have a magazine inserted in his weapon or a round in the chamber at any time unless it becomes necessary for the sentry to protect the life of an individual after all other means at the sentry's disposal have been exhausted. The sentry will carry out the eleven general orders.

2. Duties. The sentry of Post #1 will:

   a. Sound reveille at 0600 daily and turn on all lights in the enlisted billets.

   b. Check all locks on buildings and vehicles (3/4 ton and below) parked in the motor pool.

   c. Sweep down the TV room at 2200.

   d. Awaken all personnel billeted within the limits of the post in the event of a ground attack or incoming artillery rocket or mortar fire by yelling "TROOPS IN BUNKERS." Troops are to move to covered bunkers wearing flak jackets, helmets and armed with their 1/0 weapons.
SPECIAL ORDERS FOR Sentry POST #2

1. General. This post is a roving patrol of the area bounded by the S-3 office, OCC, officer quarters, Staff NCO quarters, and the Officer/SMCO lounge. Four personnel will be assigned on a daily watch list prepared by the Group S-1. The tour of duty begins at 2200 with subsequent posting and relief of sentries every two hours until dawn, at which time Post #2 is secured. Sentries will wear utilities with rifle cartridge belt containing two loaded magazines. He will be armed with an M-16 rifle. The sentry will not have a magazine inserted in his weapon or a round in the chamber unless it becomes necessary for the sentry to protect the life of an individual after all other means at the sentry’s disposal have been exhausted. The sentry will carry out the eleven general orders.

2. Duties. The sentry of Post #2 will:

   a. Check all locks on buildings.

   b. Sound the alarm located by the S-3 office and yell "TROOPS IN BUNKERS" in the event of ground attack or incoming artillery/mortar fire. Insure that all personnel have evacuated the Officer and SMCO quarters.
