PART II

Narrative Summary—Command, Operations, and Training

The month of June was devoted to formulation of plans to implement Phase II of the Government of Vietnam (GVN) Pacification Plan. This plan continues application of the "ink spot" theory of pacification with Quang Tri City forming the nucleus of the "ink spot". The 1968 Pacification Plan (January 1968 to October 1968) expanded the area under GVN control from the populated nucleus and the Accelerated Pacification Plan (October 1968 to February 1969) continued to enlarge the limits of GVN control, primarily in Trieu Phong District. Phase I of the 1969 plan further extended GVN control on the fringes of the ink spot into Hai Lang and Mai Linh Districts. The systematic application of security and civic action assets to hamlets and villages targeted under this pacification concept has produced a dynamic technique to counter the efforts of the Viet Cong infrastructure in Quang Tri Province. The constant shifting of assets and expansion of territorial forces to meet increased security demands has reduced the tendency of units to become tied to traditional home bases and therefore stagnate. The plan developed in June was a joint Vietnamese-American effort which reflected an ideal GVN-Advisory relationship. The many agencies with a vested interest participated in the many conferences which considered past successes and failures, attempted to apply lessons learned and evaluated proposals from an economic, social and military point of view. Compromises were made and the final package forwarded through Vietnamese and advisory channels for approval. Based on the proposals, CO 4th CAG recommended removal of the Marine element from the following Combined Action Platoons:

CAP 4-1-8 operating in Dong Phong Village, Dong Ha District has upgraded all hamlets in their area of coordination to a "C" status in the Nationwide Hamlet Evaluation System (HES). With no adverse effects, the Marine element worked out of their assigned village for six weeks during the late spring in support of the Cam Vu resettlement project described in the April Command Chronology. The Popular Force soldiers of the platoon are capable of executing the hamlet security mission.

CAP 4-1-9 operating in An Thai Hamlet, Cam Lo District, was activated on 5 March 1969 to maintain a United States presence in this historically volatile area. The anticipated withdrawal of other U.S. forces from Cam Lo has not taken place and the Popular Force platoon is capable of executing the hamlet security mission.

CAP 4-1-10 operating in Cam Hieu Village, Cam Lo District, was activated on 5 March 1969 to support the resettlement of refugees from a camp near Bich Giang Hamlet to Lam Long and Truong Xa Hamlets. This move has been completed and the security situation is stable. The FF platoon is capable of executing the CAP mission upon withdrawal of the Marine element.
CAP 4-2-1 operating in Thuong Xa Hamlet, Hai Link District, has been activated since early 1968 but has only been totally effective as a mobile unit since 21 November 1968. Since that time, they have made several enemy sightings but no significant contact. The people of the hamlet, once hostile and withdrawn are now willingly supporting the SVN and enthusiastically participate in self-help civic action projects. Construction of a bridge has opened a route of communication with Quang Tri City and a viable village and hamlet government has been elected. The Popular Force soldiers of the CAP are capable of executing the hamlet security mission.

CAP 4-2-7 operating in Hai Xuan Village, Hai Lang District, was a Phase I 1969 Pacification target. Activated on 21 January 1969, the CAP has worked with two PF platoons and two Revolutionary Development teams to pacify the village. All hamlets in the area of operation are rated as "C" hamlets. The PFs are aggressive and well trained, and are capable of executing the hamlet security mission.

CAP 4-2-8 operating in Hai Dang Hamlet, Hai Lang District, has been activated since 3 February 1969. Mai Dang was also a targeted Phase I hamlet and had one Revolutionary Development Team working with the PF and Marines until 30 June 1969. The proficiency of the PF, the proximity of adjacent territorial force units and the lack of recent enemy contact indicate a situation favorable for the withdrawal of the Marine element of the CAP. Relocation sites for these six Marine elements are determined on the following criteria:

- Locations which will support the overall Province Pacification/Refugee Resettlement Plan.

- Locations which will allow contiguous boundaries.

- Locations which are presently insecure.

- Locations which can be effectively supervised by the Company Commander.

The following CAP sites were proposed:

ENCLOSURE (1)
CONFIDENTIAL
These relocations require a realignment of CACO headquarters to provide each Company Commander with a reasonable span of control. CACO 4-2 headquarters will move from Mai Linh District to Ba Long District to control the six CAPs and one MTT which will be deployed in Mai Linh. CACO 4-1, left with only four CAPs in Dong Ha District, will assume operational control of the two remaining Mai Linh CAPs (4-2-6 and 4-2-10). The posture of CACO 4-3 will remain unchanged with seven CAPs in Trieu Phong District.

The overall plan was predicated on the assumption that 4th CAG would retain operational control of the three augmentation squads provided by the Third Marine Division. However, one squad was returned to the Third Marine Division on 29 June and the remaining two squads were scheduled for return on 4 July.

The posture of 4th CAG at the end of June was 19 Combined Action Platoons and one Mobile Training Team operating in five Districts of Quang Tri. The pending loss of the augmentation squads and execution of the proposed relocations will place 18 CAPs and one Mobile Training Team operating in four districts.

See the supporting documents for locations.

The level of the Viet Cong activity in the populated areas of the Province remained moderately low during the entire month. An increasing number of reports stated that the VC were making extensive preparations for the Summer Campaign and attempting to establish population control measures to be instituted upon the conclusion of a cease fire agreement. Little if any of these preparations has been apparent in the hamlets and villages occupied by CAP personnel and no terrorists incidents were reported during the month.

Close liaison with the district intelligence establishments (DIOCS) and counter-intelligence teams (CITs) located at District Headquarters have resulted in several contacts with the enemy during the month. CIT personnel and Vietnamese National Police Field Forces participated in a number of patrols with CAP members to collect information or to exploit intelligence. Close coordination with these outside agencies has been productive in establishing rapport and developing a free exchange of information.

Night operations continued to dominate the tactical scene during the month. The requirement continued for all except three CAP Marines to be on patrol or ambush during the hours of darkness and for continuous tactical activities from 1600 hours to 0600 daily. Popular Force participation in activities has improved during the month as the CACO Commanders strive to make apparent the wisdom of maximum night activity to effectively secure a hamlet from the enemy military units and political cadre. The Vietnamese attitude that there is strength in numbers, and therefore a large defense oriented command post is desirable, is gradually being overcome. Presently, our tactical activities average slightly better than two PF soldiers for each CAG Marine on every patrol or ambush. Continuous pressure on the District Chief remains the most effective tool to increase PF activity participation. Weekly reports from the CACO Commanders continue to provide the data for a statistical and qualitative evaluation of each CAP. This material is organized by District to provide meaningful comparisons, identify performance trends, and isolate problem areas.
The formal CAP visitation program continued during the month as the Officers and Staff NCOs of the group headquarters made daily visits to the field. The visits have been productive in identifying personnel proclivities, improving logistical and administrative support, and in precluding potentially explosive situations. The visitation representatives continue to complete an inspection checklist, discuss the contents with the Company Commander and route the information to the group staff sections for corrective action. The visitations supplement the daily inspection made of each CAP by the Company Commander or his Gunnery Sergeant.

Training of the PP continued with on-the-job participation supplemented by formal classes. Tactical fundamentals, ambush techniques, employment of claymores and supporting arms procedures were emphasized during the month. Weapons inspections, cross language training and ambush rehearsals continue as daily events on the training schedule.

The Group PSYOPS program continued to complement the tactical situation in Quang Tri. The Group PSYOPS Operation Order 2-69 established the framework for operations through June. The continued employment of the Revolutionary Development Cultural Drama Team, the 3rd Marine Division Sound and Movie Van and the Vietnamese Armed Propaganda Teams continued to be effective methods of establishing Government of Vietnam presence in the contested hamlets. Face to face contact with the villagers continues to describe the modus operandi for leaflet and poster distribution. The employment of village and hamlet officials to accompany PSYOPS patrols assists in establishing an image of governmental involvement in the pacification effort. Themes stressed during the month were the Voluntary Information Program, Chieu Hoi, sanitation and enhancement of the GVN image.

Results of the PSYOPS effort for the month were:

- VNT Payments: VND 36,255
- Posters Distributed: 200
- Leaflets Distributed: 12,016
- APT Employment Hours: 25
- Newspapers Distributed: 2,000
- Number of PSYOPS Operations: 160

Personnel attachments from other organizations continue to augment 4th CAG in the field. At the end of the month, the following attachments were effective:

- 22 Kit Carson Scouts assigned from the 3rd Marine Division Training Center in Quang Tri City.
- 8 Marine interpreters from the 15th Interrogation Translator Team.
- 3 Scout Dog Teams from the 3rd Military Police Battalion.
- 3 Vietnamese Interpreters from the AIVN Liaison Section, III Marine Amphibious Force.

CAGO 4-1 continued operations in Dong Ha and Cam Lo Districts, with the Command Post located at Dong Ha District Headquarters. Significant contacts during the month included:
anti-personnel mine at YD 355675.

032245H June 69. An ambush from CAP 4-3-3 commenced fire on the point of a three man enemy patrol as they entered the ambush killing zone at YD 365585. No return fire was received from the enemy. Results of the contact were one VC KIA and one SKS rifle captured.

041200H June 69. A patrol from CAP 4-3-7 at YD 334644 fired small arms at three VC who were sighted in a stream. Two VC were observed to fall in the water and the area was searched under illumination and again at daylight. No information was found as a result of the searches.

091000H June 69. CAP 4-3-3 participating in a multi-PF platoon operation at YD 3859 located and destroyed six 71/2x 41/4x 41/2 new reinforced bunkers, found one Bowie knife and 1 NVA canteen.

091300H June 69. CAP 4-3-2 participating in a multi-PF platoon operation at YD 393567 located and destroyed five 41/2x 31/2x 51/2 A frame bunkers.

101430H June 69. CAP 4-3-3, acting on information from an adjacent U. S. Army unit, sent a patrol to search YD 355671 for possible enemy activity. The patrol located and destroyed one 155 mm round dud rigged as a surprise firing device.

171330H June 69. A patrol from CAP 4-3-6 acting upon intelligence provided by the DISSC, located a grave at YD 351632 containing the remains of five Vietnamese civilians thought to have been killed by the VC. The bodies were estimated to be about six months old but were possible results of TET '68. Trieu Phong District Headquarters assumed custody of the remains.

191500H June 69. CAPs 4-3-3, 4-3-4, and 4-3-5 participated in a joint operation with two RF companies to sweep the "Inner Street Without Joy" area at YD 393573. Three 31/2x 41/2x 51/2 bunkers constructed of wooden ammunition boxes and dirt were located and destroyed.

222015H June 69. An ambush from CAP 4-3-9 fired upon several VC employing small arms, M-79 and a claymore mine at YD 279573. Thirty seven incoming AK-47 rounds were received as the VC withdrew dragging their wounded or dead. A sweep under illumination located personal effects, numerous blood trails and expended AK-47 brass.

261030H June 69. A patrol from CAP 4-3-7 apprehended one VC female crossing the river toward Cua Viet. The woman had no identification and was recognized by the KCS as being a member of his former VC unit. She was delivered to Trieu Phong District Headquarters for interrogation.

280930H June 69. CAP 4-3-9 participated in a joint operation with two RF Companies and a U. S. Army element at YD 276519. The operation located and destroyed two 31/2x 41/2 reinforced bunkers. One M-2 Carbine rifle and 33 pieces
040900H June 69. CAPs 4-1-4 and 4-1-8 participated in a joint operation with one RF Company and one additional PF Platoon in the vicinity of YD 1965. Three belts of 30 caliber machinegun ammunition, two anti tank mines (NPL), five NVA flags, three 3' x 4' x 4' and one grave containing one VC killed by shrapnel or small arms fire approximately three months prior were found. The bunkers were destroyed, and the equipment was delivered to Dong Ha District Headquarters. The VC body was reburied.

061800H June 69. CAP 4-1-4 and 4-1-5 participated in a joint operation with ARVN units between YD 1563 and 1963. During the search operation, one AK-47, one SKS, one M-60 machinegun tripod, one 140mm rocket, two submachinegun magazines one NVA flag, 200 rounds of 7.62 ammunition and one pair of binoculars were found. All items were turned over to Dong Ha District Headquarters.

182200H June 69. A patrol from CAP 4-1-6 sighted an estimated VC platoon at YD 26075 under artillery illumination. Artillery HE was fired and a search of the area was conducted with negative results.

CACC 4-2 continued operations in Hai Lang District and Hai Linh District with the Command Post located at Hai Linh District Headquarters. Significant contacts with the enemy during the month include:

060745H June 69. At YD 486501 a patrol from CAP 4-2-9 apprehended two VCs whose names were on the District blacklist. The VCs were turned over to Hai Lang District Headquarters.

060930H June 69. A Vietnamese civilian led a patrol from CAP 4-2-10 to a Chi-Comm grenade rigged as a surprise firing device at YD 347477. The grenade was destroyed and a VBIED was made.

140045H June 69. The night CT of CAP 4-2-6 received two incoming Chi-Comm grenades at YD 313482. Small arms was placed on the suspected enemy location. Artillery illumination was called in and a search conducted which revealed numerous blood trails. At 0145 additional incoming was received in the form of one grenade and small arms from two enemy weapons. Return fire was selective due to the proximity of the civilian population. A search was conducted with negative results.

212200H June 69. An ambush from CAP 4-2-6 observed three VC at YD 308476 outside a fence which surrounds Nhu Le Hamlet. The ambush commenced fire with organic weapons and swept the area under artillery illumination locating one VC KIA who was carrying a pack and a cartridge belt. A sweep at first light located an additional VC hat and blood pools.

CACC 4-3 continued operations in Trieu Phong District. Significant contacts during the period include:

031700H June 69. A patrol from CAP 4-3-6 located and destroyed one five pound

The Mobile Training Team continued to operate in Hai Lang District on the infamous "Street Without Joy". From 1 June to 4 June, the team trained PF Platoon #20 in Thon Don Que Hamlet. From 7 June to 28 June the team trained PF Platoon #11 in Nhon Ngoai Hamlet and from 29 June to 1 July the team trained PF Platoon #11A at YD A352. Operational techniques remained unchanged as the team taught classes in the home hamlet of the PF, supervised practical application of the techniques taught during patrols and ambushes and conducted periods of live range firing with the M-16 rifle, M-60 machinegun, M-79 grenade launcher, light anti-tank assault weapon and the 60mm mortar.

ADMINISTRATIVE ASSISTANCE:

Administrative assistance to every individual Marine and company seeking assistance to be provided as expeditiously and as completely as possible.
During the month of June, the medical section continued to provide medical aid for the Vietnamese population. The dispensaries treated an increasing number of people with excellent results.

The DENTCAP program, initiated in late 1968, has shown steadily increasing patronage as the villagers gain confidence in the dental personnel. The present program provided for three DENTCAPs weekly in CAP areas of coordination. Approximately 100-120 patients are treated in a given week. The success of this program is due to the untiring efforts of the dental officers and technicians from the 3rd Dental Battalion, 3rd Marine Division who are doing an excellent job of improving oral hygiene in the hamlets of Quang Tri Province.

At present there are no serious health problems with the members of 4th CAG, although there has been an increase in the number of fever of undetermined origin during this period. Steps taken to minimize this nebulous ailment included emphasis on the use of chloroquin primaquin tablets to insect repellent, mosquito netting, proper covering of the body, and lectures on personal hygiene and preventative medicine.

The Senior Medical Representative continued inspection of CAPs in the field on a regular basis and continued to hold monthly medical meetings with CAP corporals.

Attendance of the Group sick call at the CP Aid Station has remained stable. A general classification of patients treated this month is as follows:

a. Upper Respiratory Infection - 20
b. Skin Diseases - 32
c. Diarrhea - 28
d. Dysentery - 0
e. Fever of Undetermined Origin - 18
f. Injuries: Hostile - 6
g. Injuries: Non-Hostile - 2
h. Venereal Disease - 3
i. Other - 54
Total Number of Patients Treated - 163
SUPPLY/LOGISTICS

During the month of June there continued to be improvement of facilities and grounds at 4th CAG. Included among these were the repainting of the enlisted recreation buildings, and the construction of a decorative fence around that area. In addition, ten loads of crushed limestone have been spread over the grounds immediately surrounding the recreational areas to minimize dust and reduce housekeeping requirements.

A transient quarters has been established within the Group CP to be used for the two day "In House" R&amp;I program. Also, construction of a new ammunition storage area was completed.

Additions to the Motor Pool facility include the construction of a vehicle maintenance shed and the spreading of thirty-two yards of crushed rock over traffic routes. Other construction completed this month includes a SHK hut at Hai Long District Headquarters from materials salvaged at the site of the former CAG 4-3-9 compound.

During the month of June there continued to be improved supply support for 4th CAG. Four gallon insulated barrels were obtained to produce a method of transporting iced drinks to the CAGs during resupply runs. The Group Headquarters purchases blocks of ice to supply the CAGs on a daily basis. Also during the month, seventeen MFG-25 radios were received and a like number returned to FIC to replace radios borrowed from the FMFPAC Special Allowance Pool. This leaves a balance of ten radios remaining on temporary loan to 4th CAG.

During the month, all requisitions were screened to determine if the request remained valid. Appropriate tracer and cancellation action was initiated. In accordance with an FMFPAC directive, all M-16A1 rifles were examined for chrome chambers. It was determined that thirty-six weapons did not have chrome bores and action has been taken to procure the needed rifles.

The supply section prepared a cargo manifest for the Group and a mechanized embarkation data system card deck was submitted to the II Marine Amphibious Force.

The 5-4 Officer attended a conference of Group 5-4 Officers in Naha to discuss recommended 1/4 changes.

In the Motor Transport Field, two M151A1 vehicles were received from FIC this month. 4th CAG vehicles traveled 13,665 miles during the month of June.
CIVIC ACTION

During the month of June all Combined Action Platoons and the Mobile Training Team engaged in civic action efforts in Quang Tri Province. NEDCAP teams treated 7,564 Vietnamese civilians and 32 local villagers were evacuated for medical care at the Dong Ha Children's Hospital, Quang Tri Provincial Hospital or 3rd Medical Battalion facilities. NEDCAPs were assisted in several CAP areas by other units, and the 3rd Dental Company provided support for the DENTCAPs which treated over 240 civilians. A donation by SQUIBB of over 1500 toothbrushes and tubes of toothpaste was extremely helpful in assisting the DENTCAPs. Distribution of over 600 pounds of food, 500 pounds of soap, 30 pounds of clothing, 450 school kits, and approximately 5,000 pounds of cement, tin, and construction materials was made to hamlets by the CAPs for community development and assistance. MCBU 301, MCB 128, 3rd Engineer Battalion, 11th Engineer Battalion, and 3rd Shore Party Battalion have been of great assistance in providing the materials and assistance needed in current civic action efforts.

The following construction projects were completed:

- Phu Long
  - YU 345477 Bridge repaired
  - YU 345480 Bridge repaired
- An Trach

General clean-up and sanitation efforts in hamlets continued throughout the Province as well as systematic clearing of hedgerows and filling in of old VC positions in CAP areas of coordination.

Current resettlement of refugees in the villages of eastern Trieu Phong and Hai Lang Districts along Route 555 (the famous "Street Without Joy") already entails considerable civic action effort as the CAPs attempt to assist the people. Most of this area has been heavily contested in the past two years and houses, schools, pagodas, wells, roads, canals, and rice paddy areas have been completely destroyed or have suffered severe damage. Timely civic action projects aiding the villagers as they return is already producing outstanding results. Coordination with CGUS, SVN, and District and Village officials has considerably enhanced the integrated effort. However, some difficulty has arisen in determining what projects the SVN is proposing for these resettlement areas and how best Combined Action Group civic action programs can supplement their program. Resettlement of refugees in Combined Action Companies 4-1, 4-2, and 4-3 areas of coordination has re-emphasized the need for timely civic action effort at all levels and more coordination with CGUS and Province Officials.
SEQUNCE LISTING OF EVENTS

031700H June 69. A patrol from CAP 4-3-6 located and destroyed one five pound anti-personnel mine at YD355675.

032245H June 69. An ambush from CAP 4-3-3 commenced fire on the point of a three man enemy patrol as they entered the ambush killing zone at YD355685. No return fire was received from the enemy. Results of the contest were one VC KIA and one KIA RFA captured.

040900H June 69. CAPs 4-1-4 and 4-1-8 participated in a joint operation with one RP company and one additional PF platoon in the vicinity of YD1963. Three belts of .30 Cal. machinegun ammunition, two anti-tank mines, five NVA flags, three (3'm4'x4') bunkers and one grave containing one VC killed by shrapnel or small arms fire approximately three months prior were located. The bunkers were destroyed and the equipment was delivered to Dong Ha District Headquarters. The VC body was buried.

041200H June 69. A patrol from CAP 4-3-7 at YD335444 fired small arms at three VC who were sighted in a stream. Two VC were observed to fall in the water and the area was searched under illumination and again at daylight. No information resulted from the two searches.

060750H June 69. At YD436501, a patrol from CAP 4-2-9 apprehended two VC whose names were on the District blacklist. The VC were turned over to Hai Long District Headquarters.

060900H June 69. A Vietnamese civilian led a patrol from CAP 4-2-10 to a chi-coma grenade rigged as a surprise firing device at YD347477. The grenade was destroyed and a VIP payment was made.

061300H June 69. CAP 4-1-4 and 4-1-5 participated in a joint operation with ARVN units between YD1563 and YD1963. During the search operation, one AK-47, one SBS, one M-60 machinegun tripod, one 140mm rocket, two submachinegun magazines, one NVA flag, 200 rounds of 7.62 ammunition and one pair of binoculars were found. All items were turned over to Dong Ha District Headquarters.

8 June 1969. Col Harley F. Hoonsony, Province Senior Advisor of Quang Tri Province, was guest at a dinner hosted by the Commanding Officer.

091000H June 69. CAP 4-3-3 participating in a multi-PF platoon operation at W3855 located and destroyed six new (7'm4'x4') reinforced bunkers, one bottle knife and one NVA canteen. A small amount of rice was delivered to district.

9 June 1969. Lt. General Kickerson and a guest, Mr. S. P. FAYCE visited 4th CAG. A briefing was held by the Commanding Officer and the guests visited CAP 4-2-6.
091300Z June 69. CAP 4-3-2 participated in a multi-P7 platoon operation at XY353587 located and destroyed five (4'0"x5') A-frame bunkers.

101400Z June 69. CAP 4-3-3, acting on information from an adjacent U.S. Army unit, sent a patrol to search XY353579 for possible enemy activity. The patrol located and destroyed one 155mm round rigged as a surprise firing device.

110100Z June 69. A patrol from CAP 4-3-7 fired upon two VC sighted at XY356636. The area was illuminated and swept, but contact could not be reestablished. One bloody M1A1 poncho was located at the site.

140045Z June 69. The night CP of CAP 4-2-6 received two incoming claymore grenades at XY313482. Small arms were placed on the suspected enemy location, artillery illumination called and a search conducted which revealed numerous blood trails. At 0143H additional incoming was received in the form of two grenades and small arms from two enemy weapons. Return fire was selective due to the proximity of civilian population. A search was conducted with negative results.

16 June 1969. Mr. Marvin Miller, a star of the TV series "The Millionaire," was a overnight guest of 4th CAG. Mr. Miller was escorted on a helicopter tour of CAP 4-3-9 and spoke with members of 4th CAG CP.

171300Z June 69. A patrol from CAP 4-3-6 acting upon intelligeneces provided by DISC, located a grave at XY351632 containing the remains of five Vietnamese civilians thought to have been killed by the VC. The bodies were estimated to be about six months old but were possibly results of TET 68. Trixon Phong District Headquarters assumed custody of the remains.

182200Z June 69. A patrol from CAP 4-1-6 sighted an estimated VC platoon at XY260575 under artillery illumination. Artillery HE was fired and a search of the area conducted with negative results.

191500Z June 69. CAPs 4-3-3, 4-3-4, and 4-3-5 participated in a joint operation with two RF companies to sweep the "Street without Joy" area at XY353573. Three (3'4"x5') bunkers constructed of wooden ammunition boxes and dirt were located and destroyed.

211630Z June 69. A villager from Dong Phong hamlet led a patrol from CAP 4-1-6 to the location (XY242630) of one claymore grenade and what appears to be an ammunition box with Czech or Polish writing on it. The grenade was destroyed and the box delivered to District Headquarters. A VPI payment was made.

212240Z June 69. An ambush from CAP 4-2-6 observed three VC at XY368476 outside a fence which surrounds Phu Le hamlet. The ambush commenced fire with organic weapons and swept the area under artillery illumination locating two VC NVA who was carrying a pack and a cartridge belt. A sweep at first light located an additional VC hat and blood pools.
232052 June 69. An ambush from CAP 4-3-9 at XD279973 fired upon several VC employing small arms, M-79 and a claymore mine. Thirty seven incendiary AK-47 rounds were received as the VC withdrew dragging their wounded or dead. A sweep under illumination located personal effects, numerous blood trails and expended AK-47 brass.

23 June 69. Major General E. E. Wheeler, Deputy Commander, XXIV Corps, visited 4th CAG. General Wheeler was briefed at 4th CAG CP by the Commanding Officer and then escorted to visit CAP 4-1-10, 4-3-9 and 4-2-6.

252145H June 69. An ambush from CAP 4-2-10 XD349485 sighted two VC moving across a rice field. The ambush initiated fire with small arms and received AK-47 fire in return. The patrol searched the area under artillery illumination with no significant results.

261030H June 69. A patrol from CAP 4-3-7 apprehended one VC female crossing the river toward the Cua Viet. The woman had no identification and was recognised by the NCOs as being a member of his former VC unit. She was delivered to Trieu Phong District Headquarters for interrogation.

280930H June 69. CAP 4-3-9 participated in a joint operation with two RF companies and U.S. Army element at XD376519. The operation located and destroyed two (3'x4'x6') reinforced bunkers. One M-2 carbine and 33 pieces of detonation cord were turned over to Trieu Phong District Headquarters.

CHARLIE - (When, DRO INCIDENT OCCURRED) 212240H June 69.

DELTA - (Who, What, How) An ambush from CAP 4-2-6 observed three VC outside
a fence which surrounds Nhu Le Hamlet. The ambush commenced fire with
organic weapons and swept the area under responsive artillery illumination
locating one VC KIA who was carrying a pack and cartridge belt. A sweep
at first light located an additional VC cover and blood pools.

CHARLIE - (When, DTG INCIDENT OCCURRED) 252145H June 69.

DELTA - (Who, What, How) An ambush patrol from CAP 4-2-10 in position at
above grid sighted 2 VC moving across rice field at approximately 100
meters range. Ambush opened fire with small arms and received in return
AK-47 fire. 81mm illumination was fired and the patrol element moved out
of ambush site to further exploit the contact. Contact was broken, a
sweep of the area was conducted with negative results.
