PART II
NARRATIVE SUMMARY
COMMAND, OPERATIONS, AND TRAINING

During the early part of the month, the programmed readjustments of internal assets were completed.

- On 2 March, CAP 4-3-8 was relocated to 4th CAG CP for reoutfitting. On 4 March, the personnel from this CAP were assigned to PF platoon #90 in the hamlets of Bach Binh and An Thai (YD 130610), Cam Lo District, and designated as CAP 4-1-9.

- On 3 March, CAP 4-2-4 was relocated to 4th CAG CP for reoutfitting. On 5 March, the personnel from this CAP were assigned to PF platoon #71 in the hamlet of Rich Giang (YD 173603), Cam Lo District, and designated as CAP 4-1-10.

These moves were made to fill a void created by the departure of 3d Marine Division forces from the advisory role to territorial forces in Cam Lo District. CAP 4-1-10 initially operated in the hamlet of Rich Giang south of the Cam Lo River but had moved north of the river by the end of the month to support the Cam Vu Resettlement Project. As a result of TET 1968, 6,000 Vietnamese civilians were relocated from the Cam Vu Valley to refugee camps south of the Cam Lo River. The resettlement of these civilians back in their Cam Vu homes has been planned for several months. As the threat of military action diminished following TET 1969, a target date of 20 March was set to begin processing the refugees. By the end of the month approximately 30% of the Vietnamese had been moved into Cam Vu.

At the end of the month, 4th CAG provided personnel for 18 regular CAPs and one Mobile Training Team. These formally designated CAPs continued to be augmented by three rifle squads from the 3d Marine Division which operated in hamlets plagued by the threat of significant Viet Cong activity.

One of these squads, provided by the 2d Battalion, 3d Marines, reinforced CAP 4-2-6 in Nhu Le hamlet (YD 312478). A second squad provided from a 3d Marine Division Provisional Rifle Company formed the entire Marine contingent of augmentation CAP 4-1-3 operating with PF platoon #14 in Phu Le hamlet (YD 265613). The third squad, also from the Provisional Rifle Company, formed the entire Marine contingent of CAP 4-1-4 operating with PF platoon #33 in Dong Lai hamlet (YD 2463).

A review of CAP activities conducted in early March revealed some basic deficiencies in the tempo, composition, patterns and timing. A comprehensive survey sheet was produced for submission by the CACOs on a weekly basis. A sample is contained in the supporting documents.
the data provided by the completion of this form, the Group Staff is provided with the detail to discuss particulars with the MACV Advisory Staff and the Vietnamese officials at District and Province level. One trend noted in the initial reports is a lack of proportionate PF participation in activities. Discussions with the District Advisory Staffs have improved this situation somewhat but the desired three PF to one Marine ratio on activities is the exception rather than the rule. Another trend noted was the lack of friendly patrols, ambushes, and observation posts between the hours of 1600 and 1900 hours. Experience in Quang Tri has shown that during these hours the VC are on the move and are vulnerable to offensive action. In evaluating the reason for this lack of activity, it was found that the FF seldom make themselves available for duty prior to 1800 hours. By working through the MACV Staff and District Chiefs, it was possible to persuade the Province Chief to support a requirement that evening activities begin no later than 1600 daily and they continue throughout the night. To increase the supervision of these night activities, the requirement was placed on the CACOs that on two nights each week the CACO commander would be present with a CAP and on two different nights, the Company Gunnery Sergeant would be present. To complement the renewed emphasis on night activities, an intensive effort was made to curtail unnecessary daylight activity and maximize daylight sleeping.

In keeping with the concept of increased CAP mobility, the two remaining compounds (CAPs 4-1-7 and 4-1-4) were vacated and by late month all of 4th CAG was mobile. The effect of this change was immediately apparent in increased day and night activities, more available daylight sleeping time due to the lack of installation maintenance and in increased presence in the hamlets of Phouo My (YD 2857) and Kim Dau (YD 2263).

The role of the CACO commander as an overseer of the Revolutionary Development Teams located in CAP AOcs continued through the month. This created an environment favorable for the formulation of an RD CAP due to the mutual interest, locations, and goals of the CAPs and RD Teams. Initial liaison was effected with the RD Advisor and the Province Senior Advisor. Both concurred in the concept. Direct discussions with the Sector RD leader (Major Nguyen Trung, ARVN) and the Group S-3 followed. The command relationships, CAP and RD team selection and coordination problems were worked out at this time. The District Chief, his advisor, and the CACO commander were then brought together for a briefing by the Group S-3. The target hamlet, CAP organization, command relationships, and supervision responsibilities were determined. A date was set for activation and representatives designated to explain the concept to the "workers" on the activation date. On 21 March, the following group met in the hamlet:

- USMC, Group S-3, CACO commander, Marine squad leader.
- RD, Sector RD leader (Major Nguyen Trung, ARVN), RD Advisor (1stLt. Bill Huggins, USMC), and the team leaders.
- District. District Vietnamese Operations Officer

ENCLOSURE (1)
Briefings were held by the senior representative from each organization; these were then interpreted for the remainder of the group.

The military command of the RD CAP is vested in the PF Platoon Commander. He dictates how, where, and when activities will be run and indicates who will participate. This is accomplished at a daily morning meeting with the two RD team leaders, the PF platoon leader and the CAP leader. The two RD teams in 4-3-5 consist of about 50 people. Activities should run approximately three PF/three RD/one USMC. This does not give the RD a proportionate share of participation based on strength; however, their primary mission must be executed in the daytime and this reduces nighttime availability.

Each RD Team has one radio containing crystals which preset the frequency. One of the two radios from the two teams is available for activities, the other should remain in the CP. The RD net control is in downtown Quang Tri. The responsibility for civic action projects development and work assignment rests with the RD team leaders. The CAP leader is expected to be the overseer of these projects and provide appropriate assistance. The organized RD Intelligence Cell is to report intelligence on a daily basis to the PF platoon leader as well as his RD superiors. The CACO commander will supervise the CAP as he has with the normal PF CAP. Periodic reports on the RD are made to the Group S-3 who passes them to the RD advisor. This liaison is effected during the daily MACV Sector meeting attended by the RD advisor and the CO, 4th CAG. The CACO commander will continue in his role as the coordinator with the military AO Commander and the District Headquarters. Fire coordination, boundaries, adjacent activities, reaction forces, and MEDVACS continue to be his concern.

From the Marine point of view, two factors were thought important in the selection of the CAP. First, a mature CAP leader (USMC) that is capable of overseeing the efforts of the PF and RD. Second, an interpreter capability present at all times. The KCS assigned to 4-3-5 speaks passable English. Other factors considered:

- Strength of PF Platoon Leader
- Level of hamlet pacification
- Compatibility of PFs and RDs
- Estimated time RDs will remain in the hamlet

By the end of the month, the RD CAP was fully operational. No significant problems have arisen to date.

The training of the Popular Forces continued to receive emphasis during the month. CAG level instruction continued for the CAGs. The five phase membership program, cross language training, regularly scheduled inspections, ambush rehearse and immediate action drills dominated the training activity. The hour
of participation in training were somewhat reduced to provide more day-
light sleeping time for the CAFs. The accelerated night activities will
continue through the period of significant enemy threat now expected to
terminate by mid-April.

The Group PSYOPS program continued to complement the tactical situa-
tion in Quang Tri. Leaflet distribution and posters during early March
portrayed the rewards available for information and ordnance items.
During the last half of the month, the Chieu Hoi theme was dominant.
The 3d Marine Division sound and movie van continued to draw excellent
audiences in the fringe hamlets and proved to be an effective tool in
informing the villagers of GVN efforts on their behalf. The Revolutionary
Development Cultural Drama Team performed in seven CAP hamlets during
the month. These performances were preceded by the employment of Armed Propa-
ganda Teams and the use of Popular Force soldiers to advertise the time
and place of the show. An audience of over a thousand Vietnamese observed
this entertainment. The performances were judged an excellent PSYOPS tool
to inculcate a sense of traditional nationalism in the villagers. The
continuing employment of this talented group in future months is planned.

Results of the PSYOPS effort for the month were:

CA&CO 4-1 continued to improve their CP at Dong Ha District Headquar ters.
A third ShA hut was constructed to provide recreational and conference
space at the company level. The company continued to operate with two
augmentation squads provided by the 3d Marine Division which were employed
in high threat hamlets. They were integrated with PF platoons and operated
as mobile CAFs in their own areas of coordination.

Significant contacts and operations for the month were:

- At 031400H Mar 69, a patrol from CAP 4-1-7, at YD 271555, apprehended 12
  VCS two kilometers west of a no trespassing boundary line established by
  the District Chief. The VCS were turned over to Trieu Phong District
  Headquarters.

- At 122100H Mar 69, an ambush from 3d MarDiv augmentation squad working
  with PF platoon 380 made contact with approximately eight VC at YD 270589.
  A fifteen minute firefight followed during which a reaction force from the
  CAF CP moved to provide a blocking force and the patrol maneuvered against
  the enemy. Two VC were observed to be hit with small arms fire. A sweep
  of the area located assorted NVA 792 gear and three AK-47 magazines with

ENCLOSURE (1)
ammunition. The District Intelligence Officer of Dong Ha District received a reliable agent report that Nguyen Tien, a VC platoon leader and two lesser VC were killed during this contact.

- At 160215H Mar69, the CAP 4-1-4 compound and the adjacent village chief's house were attacked by an estimated platoon of VC/NVA sappers. The attack resulted in five USMC KIA, one USN KIA, four USMC WIA, one Kit Carson Scout WIA, four PF KIA, 15 PF WIA, one Popular Self Defense Force KIA, one Popular Self Defense Force WIA, one village chief KIA, two hamlet chiefs KIA, and one hamlet chief WIA. Enemy casualties were removed from the battle scene by the attackers.

- At 290100H Mar69, an ambush activity from CAP 4-1-10 made contact with an estimated enemy NVA sapper platoon dressed in green utilities and black pajamas at YD 175609. The ambush detonated claymores, fired M-79's and threw grenades as the sappers attempted to flank the ambush and destroy a water pumping station. The entire CAP maneuvered under illumination pinning down the enemy force. Three VC were cut in half by a friendly claymore as they assaulted the CAP throwing satchel charges, grenades and firing B-40 rockets. Three other VC bodies were located during a sweep which followed the contact. Approximately ten wounded or dead VC were observed being dragged from the scene as the area of contact was being illuminated by a reaction force from Cam Lo District headquarters. 81mm mortar and artillery were fired on enemy escape routes. A squad size element of VC returned at 0400 in an apparent attempt to recover bodies. As the CAP maneuvered against them firing small arms and M-79's, they fled to the north. Results of the contact were four USMC WIA, three PF WIA, six VC KIA.

CaCO 4-2 continued operations in Mai Linh and Hoi Lang Districts, effective integration with the Revolutionary Development Teams continued on an informal basis throughout the month. Significant contacts and operations for the month were:

- At 151545H Mar69, while on patrol in an area which is off limits to civilians, an element from CAP 4-2-3 heard movement emanating from a bunker and from the adjacent brush at YD 320517. After challenging and receiving no reply, the patrol fragged the bunker and brush with grenades and M-79 rounds. As a search team advanced to clear the bunker, an explosion occurred from inside the bunker. The booby trap or mine explosion resulted in one USMC KIA.

- At 151950H Mar69, an element from CAP 4-2-3 while on patrol at YD 320517 fired upon an unknown number of VC in a meeting engagement. An intense small arms firefight of about ten minutes duration followed as the VC withdrew. A reaction force from the CAP CP linked up with the patrol and pursued the enemy in a search of the area under illumination. The contact resulted in one USMC KIA and one PF WIA.
- At 172100H Mar 69, an ambush patrol from CAP 4-2-3 sighted two VC at YD 320 523 on a railroad track. The patrol opened fire with small arms and 60mm grenades. When illumination was fired, the ambush sighted three VC. Two fled southwest and one fled northeast. The ambush element continued firing small arms on the withdrawing enemy and called a mortar fire mission on withdrawal routes. The CAP received incoming small arms fire and grenades as contact was broken. A sweep of the area was made under illumination to reestablish contact. Blood stains and drag marks were found.

At 221645H Mar 69, CAP 4-2-8 reported information received from the PF platoon leader indicated that four VC were KIA as a result of I&I fires called in on the grid YD 364 442 the night of 21 March. The MACV Advisory Staff was notified and a patrol dispatched which recovered four VC KIA.

At 281300H Mar 69, a patrol from CAP 4-2-3 apprehended one VC suspect who was carrying rags suitable for bandages into a wasteland known to harbor VC.

At 281553H Mar 69, a patrol from CAP 4-2-3 apprehended one VC whose identification papers were incorrect. Investigation revealed the individual was on the District Blacklist.

At 292030H Mar 69, a CAP 4-2-6 ambush sighted 10 to 15 VC moving northeast out of effective range. The CAP CP dispatched a patrol which intercepted the VC and engaged them with small arms fire and 81mm fire. Artillery was called as VC were observed withdrawing to the south. On 31 March, villagers provided intelligence that graves containing VC KIA resulting from contact were located at YD 311 478. A CAP patrol dug up the graves and found two bodies, one KIA from small arms, one from 60mm or shrapnel, and two empty NVA packs. The bodies were identified and are on the District Blacklist.

CAICO 4-3 continued operations in Trieu Phong District. Significant contacts and operations for the period were:

- At 010900H Mar 69, while searching a house, a patrol from CAP 4-3-7 located three documents at YD 344 633. The PF stated that the documents were VC records and implicated the two inhabitants of the house who were apprehended and turned over to Trieu Phong District Headquarters.

- At 051315H Mar 69, a patrol from CAP 4-3-2, at YD 368 572, spotted two VC and immediately established contact. The VC ran out of sight into a treeline. The patrol maneuvered and reestablished contact at YD 368 578 and assaulted two enemy bunkers resulting in two VC KIA, one VC POW, one NVA POW (Officer), one SKS rifle, one 9mm pistol, two NVA haversacks, and two NVA uniforms. One PF was WIA.

- At 052045H Mar 69, an ambush patrol from CAP 4-3-2, in position at YD 359 596, opened fire on one VC as he walked into the killing zone. The VC
was NVA, he was carrying one hand grenade.

- At 071000Z Mar 69, CAP 4-3-2 received intelligence from villagers that there was one wounded NVA at YD 345595 hiding in a house. The CAP dispatched a patrol which captured the one NVA. Interrogation of the NVA at Trieu Phong District headquarters revealed that he was wounded during an engagement with CAP 4-3-3 on 051315Z Mar 69.

- At 150945Z Mar 69, while participating in a search and cordon operation at YD 368580, CAP 4-3-5 sighted five VC move into a treeline. The CAP fired small arms and AK-79's as the VC fled, when the patrol reached the treeline, they located one enemy bunker which contained an M-16 rifle.

- At 211445Z Mar 69, CAP 4-3-7 participated in a joint operation at YD 372664 with PPs and an US Army company. The operation was based on information provided by five former VC who Chieu Hoi'd to an adjacent PP platoon on 20 March. The forces located one AK-47, one M16 rifle, two M-26 grenades, two NVA canteens, three NVA cooking pots, and assorted clothing.

- At 252145Z Mar 69, while in an ambush position at YD 360572, CAP 4-3-3 sighted three VC in a Vietnamese boat moving south on the river. The ambush opened fire with small arms and AK-79 fire. The VC returned fire with AK-47's, abandoned the boat and withdrew. The CAP maneuvered to sweep the area and reestablish contact capturing one RPD light machine gun and one boat. Bloody clothing was located indicating that one VC had been wounded.

- At 291000Z Mar 69, a CAP 4-3-3 patrol located an underground bunker at YD 388283 with a dirt covered bamboo reinforced roof. A detailed search revealed a false floor under which was 175 3/4 rounds (M-16 and AK-47), one trip flare, one M-26 grenade, one can of milk, and one rope. The bunker was destroyed.

- At 301015Z Mar 69, a patrol from CAP 4-3-4 while searching buildings at YD 408553 found a VC tax ledger listing names and dates of contributions by villagers from Anh Dong hamlet. Ten VC's were apprehended. District military officials and CLT team will follow up on interrogation and investigation.

ENCLOSURE (1)
The Mobile Training Team moved to Cam Lo District to train PF platoons in the Cam Lo Resettlement Village (ID 1157). From 3 March to 17 March, PF platoon #116 was trained and from 19 March to 31 March, platoon #87 was trained. Operational methods for MTT remain unchanged. Formal training is supplemented by on-the-job training in the form of integrated day and night activities. Total training and operational accomplishments for MTT during March were:

- Day Patrols: 46
- Night Patrols: 56
- Night Ambushes: 66
- Live Range Firing: 4 days
- Formal Instruction: 32 hours
PERSONNEL AND ADMINISTRATION

PERSONNEL. There continues to be a shortage of a 3516 staff sergeant at this time.

ADMINISTRATION. No difficulties were encountered during the month concerning administrative matters.

PROMOTIONS. The following promotions were effected:

- To LCpl: 25
- To Cpl: 4 (2 meritorious)
- To Sgt: 12

MEDICAL

In compliance with the facilities improvement program undertaken by 4th CAG, the aid station was remodeled to facilitate efficient distribution of medical supplies to the CAP Corpsmen. A master list of all medical supplies was printed to assist the corpsmen in ordering supplies. With a copy of this laminated, coded, shopping list, an order can be placed with a minimum of radio transmission time. Ample storage space has been allocated to BAS for bulk medical supplies. The availability of supplies through FLSG Bravo has been satisfactory.

There has been a slight decrease in the MEDCAP participation due to the increased night activities by the CAPs and an increase in enemy activity. The corpsman continue to assist the Vietnamese health workers and PF Corpsman, conducting daily MEDCAPs. The continuing effort to counter malaria was emphasized this month. CAP Corpsman and Headquarters section heads keep a log on the daily and weekly distribution of anti-malaria drugs.

An intensified inoculation program was completed this month to provide the Marines with added protection against local diseases. The Group Aid Station treated 194 Marines for the following infirmities:

a. Upper Respiratory Infection --------------------- 59
b. Skin Disease----------------------------------- 22
c. Diarrhea and Dysentery------------------------- 12
d. Fever of Undetermined Origin------------------- 2
e. Injuries: Non-Combat------------------------- 1
f. Injuries: Combat-------------------------------- 9
g. Veneral Disease----------------------------- 2
h. Other---------------------------------------- 87

Total number of Marines treated----------------- 194

12
SUPPLY/LOGISTICS

The facilities of the base camp continued to be renovated and improved as to habitability during the month. Two SEA huts with concrete decks and a connecting patio were completed for use as a Recreation Area. A masonry and flagstone barbecue grill was built on the patio by members of the command to add cooking facilities for Headquarters personnel and to support the two day R&R program. The area surrounding the Recreation Area is being landscaped as well as the billeting area. Two shower facilities were constructed in billeting areas by local personnel. In addition, all existing SEA huts and building were painted. Construction on a 10' X 24' COC bunker was 75% completed by the 3d Engineer Battalion, and the ground has been excavated for an additional seven SEA huts and at the close of this period construction had just begun.

There was a big influx of supplies during the month which were procured in Danang by direct liaison with the supply facilities. However, the shortage of certain major T/E items of equipment continues to be critical. The most significant items include two PU 482 generators and four M-107 water trailers. A MARES Reporting Card (GA) was submitted on each of the items on 8 February 1969 reflecting the last status.

A quarterly PM was pulled on each vehicle during the month of March to compensate for the adverse conditions under which they operate. Two M38A1 1/4 ton trucks were received as replacements for the two M151 1/4 ton trucks evacuated during February. The M-274 truck platform 1/2 ton was received filling a long existing T/E deficiency. The month ended with all organic vehicles operational, after a total mileage of 10,800 miles.
CIVIC ACTION

During the month of March all CAPs and the Mobile Training Team participated in civic action activities. MEDCAP teams treated 6053 persons, and 35 villagers and children were evacuated for medical care at the Dong Ha Children's Hospital, Quang Tri Provincial Hospital, and 3d Medical Battalion facilities. Distribution of 365 pounds of food, 146 pounds of clothing, 867 pounds of soap, 1130 individual school kits, and eight CARE kits were made to the Vietnamese by the CAPs. The 3d Marine Division G-5 provided 7.1 metric tons of cement for various construction projects throughout the Province.

The following construction projects were completed:

Mnu Le  YD 317490  Bridge
Vinh Lai  YD 323638  Dispensary
Vinh Lai  YD 323638  Well repair
Vinh Lai  YD 323638  PSIOPS bulletin board
Thuong K'a  YD 373498  Concrete steps to river
Thuong K'a  YD 378501  Bamboo footbridge
Thuong K'a  YD 378492  Bridge repaired
Dai Hoa  YD 337601  Culvert repaired
La Day  YD 404494  Bamboo bridge
Vinh Phuoc  YD 285584  Repair of school
Mgo L'a Tey  YD 377548  Market repair and improvement
Nghe An  YD 235616  Repair of house roof
Thanh Luong  YD 215606  PSIOPS bulletin board
Nghe An  YD 233615  PSIOPS bulletin board

AIX funds in the amount of 100,000 $VN were received from the CG XXIV Corps through the 3d Marine Division for the purchase of civic action materials. These funds were used to purchase tin roofing, school supplies, and paint to support existing projects. School supplies, tin roofing, and cement still continue to be the items of greatest demand in the civic action program.

Many villages continued with clearing hedgerows and filling in old fighting positions which could be used by the VC. The RD teams recently activated in nine CAP AOCs were active during the month. In Phouc My (YD 278577), they constructed a bamboo fence along the west side of the village to stop infiltration. CAP 4-3-5, Trieu Tai (YD 370552) was organized as the first fully integrated RD, PF, and Marine CAP. Rapport in all areas continued to be good.

The CAPs are assisting CORDS in a province wide introduction of vegetable seed on the hamlet level. The distribution of seed is going on in conjunction with a training course at the Nhan Bien Agricultural Center for the Marines and PFs that are assisting with this project. This training program is under the guidance of the CORDS Agricultural Advisor, Mr. John Swanson, who is assisted by the 29th Civil Affairs Platoon in Quang Tri City. Follow up training for the Marines and PFs
and field technical assistance for the hamlet farmers will be provided by the CORDS Staff as the need arises. The overall project is being coordinated by 4th CAG civic action section through the respective CAP civic action NGO. This project has the possibility of making a major long term impact on the economy of Quang Tri Province.

Other civic action work in the province is geared towards assisting newly elected hamlet officials. This is meeting with excellent results and increased cooperation, particularly in Vinh Lai hamlet (YD 325638) where CAP 4-3-6 has within two weeks helped in the repair of a badly damaged well, distributed school supplies and physical education equipment, installed a PSTOPs bulletin board, and constructed a dispensary for the MEDCAs. The hamlet now has a corpsman going to school in Quang Tri who will return in two months to assist in the operation of the dispensary and treatment of the local people.

The civic action efforts are presently being aligned in an attempt to have several short term projects concentrated in a single hamlet by the CAP. This has been found to have a maximum impact in a short period of time, and creates better cooperation by the villagers and officials. This hamlet approach has the added advantage of not only being easier to coordinate within the village but also concentrates CAP effort with immediate results rather than diffusing projects throughout the AOC. This increases the effectiveness of the civic action effort since increased contact with the hamlet chief and project completion enhances the village official's position and leads to better GVN control and support.
Part III

SEQUENTIAL LISTING OF SIGNIFICANT EVENTS

010800H Mar 69 - Two 82mm rounds and one 105mm artillery round were turned in to CAP 4–1–5 by civilians. A $50 VVN reward was paid for the ammunition.

010900H Mar 69 - A patrol from CAP 4–3–7 located three VC documents at YD 344633. The PFs stated that they implicated the two inhabitants of the house who were apprehended and turned over to Trieu Phong District Headquarters.

2Mar 69 - CAP 4–3–8 was relocated to 4th CAG CP for reoutfitting and was redesignated as CAP 4–1–9 on 4 March 1969 for employment with PF platoon #50 in the hamlet of Bac Din/Thoi Thi (YD 1361) in Cam Lo District.

3Mar 69 - CAP 4–2–4 was relocated to 4th CAG CP for reoutfitting and was redesignated as CAP 4–1–10 on 5 March 1969 for employment with PF platoon #71 in the hamlet of Bach Xang (YD 173603) in Cam Lo District.

031200H Mar 69 - A patrol from CAP 4–1–7 was dispatched to YD 273545 to investigate reports from Hung Tri Combat Base that a sniper was firing at vehicles on Route 11 north of the base. The patrol received five rounds of incoming small arms fire as they maneuvered against the sniper. A sweep of the area resulted in the recovery of six AK–79 rounds, twenty AK–47 rounds, two ammunition cans full of rice and one poncho.

3Mar 69 - M17 4–1 commenced a two-week training cycle with PF platoon #16 at YD 110575 in Cam Lo District.

3Mar 69 - CAP 4–1–7 YD 271555 apprehended 12 VC3 two kilometers west of a no trespassing boundary line established by the District Chief. The suspects were turned over to the Trieu Phong District Headquarters.

4Mar 69 - One USMC squad OPCON to 4th CAG from F/2/3 employed with the PF platoon #60 at Dong Le hamlet (YD 2462) returned to the OPCON of 3d MarDiv.

041100H Mar 69 - A patrol from CAP 4–1–7 found and destroyed 40 pounds of rice and 15 pounds of salt at YD 276555.

4Mar 69 - One USMC squad OPCON to 4th CAG from G/2/3 employed to augment CAP 4–2–6 in Nhuan Le Hamlet (YD 310478), returned to the OPCON of 3d MarDiv.

4Mar 69 - 4th CAG assumed OPCON of two provisional rifle squads from HAM, 3d MarDiv. One will augment CAP 4–2–6 and the other will be employed with PF platoon #80 at Dong Le Hamlet (YD 245627).

051315H Mar 69 - A patrol from CAP 4–3–3 at YD 368572 spotted two VC and immediately exchanged fire. The VC disappeared into a treeline and the patrol maneuvered reestablishing contact at YD 368578. A sweep of the area resulted in two VC KIA, one VC POW, one NVA POW (officer), one GRS
rifle, one 9mm pistol, two NVA haversacks, and two NVA uniforms. One PF was WIA.

052045hr Mar 69 - An ambush patrol from CAP 4-3-2 at YD 359598 opened fire on one VC when he walked into the killing zone resulting in one VC KIA and one VC hand grenade captured.

052130hr Mar 69 - An ambush patrol from CAP 4-2-3 at YD 321527 sighted three VC. Following an exchange of small arms fire, the VC withdrew to the north. A search located expended AK-47 rounds, one torn poncho and body drag marks in the dirt.

071000hr Mar 69 - CAP 4-3-2 received intelligence from villagers that there was one wounded NVA at YD 345595 hiding in a house. The CAP dispatched a patrol which captured the NVA. Interrogation revealed that he had been wounded in the engagement of CAP 4-3-2 on 051315hr Mar 69.

071330hr Mar 69 - A Popular Self-Defense Force member located one old bunker at YD 407535. A CAP 4-2-7 patrol searched the bunker finding one Chicom grenade and old clothes. The bunker was destroyed.

072220hr Mar 69 - While in an ambush position at YD 395475, a CAP 4-2-8 patrol sighted five VC moving at one hundred meters range. The ambush fired small arms and AK-79s. The VC returned small arms fire and grenades. A reaction force from the CAP CP joined the ambush patrol and a sweep of the area was made under illumination. The VC broke contact.

8Mar 69 - Henry Wilcoxon, a noted movie producer and actor, was hosted by CO, 4th CAU, he visited four CAPs as part of Operation HANDSHAKE and spent the night at Group headquarters.

090015hr Mar 69 - CAP 4-3-7 received intelligence from the villagers that the VC would make a food pick-up at YD 347632. The CAP established an ambush at the suspected site and made contact with approximately five VC. The ambush fired small arms and AK-79s. The VC returned small arms fire and grenades. A reaction force from the CAP CP joined the ambush patrol as contact was broken and the area was searched under illumination. The contact resulted in two USMC KIA.

092030hr Mar 69 - An ambush patrol from CAP 4-2-3, while moving into position, received one incoming grenade at YD 324524. The patrol returned small arms fire at suspected enemy locations and made a sweep of the area. Contact was not reestablished and the patrol continued its mission.

100700hr Mar 69 - Based on intelligence from villagers, CAPs 4-1-8 and 4-1-5 dispatched patrols to YD 231621 and picked up NVA/VC propaganda leaflets that were spread on a trail during the night of 9-10 March. A check of ID cards and interrogation of local villagers revealed no additional information. Samples of the leaflets were forwarded to III MAF.
121008 Mar 69 - A patrol from CAP 4-1-5 found and destroyed one enemy bunker at YD 214617.

121630H Mar 69 - Two M-26 grenades were turned in by civilians to CAP 4-1-8 at YD 228624. A reward of 200 $VN was paid.

122100H Mar 69 - An ambush patrol from the 3d MarDiv augmentation squad working with PF platoon #80 made contact with approximately eight VC at YD 270589. A fifteen minute fire fight followed during which a reaction force from CAP CP moved to provide a blocking force. The patrol maneuvered and two VC were observed to be hit with small arms fire. A sweep of the area yielded assorted 782 gear and three AK-47 magazines. The Dong Ha District Intelligence Officer received a reliable agent report that Nguyen Tien, a VC platoon leader, and two other VC had been killed in the contact.

12Mar69 - Miss Natale Best and Mr. Lee Dodgers from TV Channel 32, San Diego, California, visited 4th CAG Headquarters, were briefed by the CO and were transported to CAPs 4-2-1, 4-2-8 and 4-2-6 where they visited with the CAP Marines, took motion pictures and were guests at a luncheon in Nhu Le Hamlet.

130800H Mar 69 - CAP 4-2-8 received information from the PF that 60 VC would be in the vicinity of YD 390463 during the night. Heavy FLI fires covered the area during the night and a patrol departed at first light on 13 March. One battered NVA backpack and footprints were located.

13Mar69 - A patrol from CAP 4-3-6 enroute to an ambush site fired small arms at two VC at YD 327640. A reaction force from the CAP CP joined the patrol and pursued the enemy under illumination.

141840H Mar 69 - A patrol from CAP 4-1-7 fired small arms and M-79's at one VC carrying a weapon at YD 282568. A search of the area located one bloody shirt, one sandal, and blood stains on the ground.

151545H Mar 69 - While on patrol in an area which is off-limits to civilians, a patrol from CAP 4-2-3 heard a movement emanating from a bunker and bush at YD 320517. After challenging and receiving no answer, the patrol fragged the area with grenades and M-79 rounds. As a search team advanced, an explosion occurred from inside the bunker resulting in one USMC KIA. The bunker was destroyed.

150945H Mar 69 - While participating in a search and cordon mission at YD 368589, CAP 4-3-5 observed five VC moving into a treeline. The CAP fired small arms and M-79's and maneuvered to establish contact. When the patrol reached the treeline, they found one enemy bunker which contained an M-16 rifle. The bunker was destroyed.

151951H Mar 69 - A patrol from CAP 4-2-3 at YD 320517 fired upon an unknown number of VC in a meeting engagement. An intense small arms fire fight of
about ten minutes duration followed, and the VC broke contact. A reaction force from the CAP CP linked up with the patrol and pursued the enemy under illumination. Results of the contact were one USMC KIA and one PF WIA.

160215H Mar69 - The CAP 4-1-4 compound and the adjacent village chief’s house were attacked by an estimated platoon of VC/NVA sappers. The attack resulted in five USMC KIA, one USN KIA, four USMC WIA, one KIIT Carson Scout WIA, four PF KIA, 15 PF WIA, one People’s Self-Defense Force KIA, one village chief KIA, two hamlet chiefs KIA, and one hamlet chief WIA. Enemy casualties were removed from the battle scene by the attackers.

17Mar69 - MTT 4-1 completed a two-week training cycle with PF platoon #116 at TD 108576 in Cam Lo District.

172100H Mar69 - An ambush patrol from CAP 4-2-3 sighted two VC at TD 320523. The patrol opened fire with small arms and M-79’s. When illumination was fired the ambush sighted three VC, two fleeing southwest and one northeast. The ambush element continued firing small arms on the withdrawing enemy and called a mortar fire mission on withdrawal routes. The CAP received small arms fire and grenades as contact was broken. A sweep of the area made under illumination located blood stains and body drag marks.

18Mar69 - PF platoon #57 was assigned to CAP 4-3-3. The former platoon, #66, was assigned as a bridge security force.

19Mar69 - CAP 4-1-7 was redesignated as CAP 4-3-9. CAP will operate as a mobile CAP and retain the same AOC with the same PF platoon.

19Mar69 - MTT 4-1 began a two week training cycle with PF platoon #87 at TD 107575 in Cam Lo District.

192115H Mar69 - A patrol from CAP 4-2-6 engaged two moving VC with small arms. The VC returned fire with M-79’s. A reaction force from the CAP CP joined the ambush unit to exploit the contact. The VC broke contact upon arrival of the reaction force and disappeared into the nearby hedgerows.

21Mar69 - CAP 4-3-5 integrated with Revolutionary Development Teams #36 and #59 to form RD/PF/USMC CAP 4-3-5 working the same AOC as the former CAP 4-3-5 at TD 370552 in Trieu Phong District.

211400H Mar69 - A driver from GACO 4-1, looking for a vehicle jack under the seat of his 1½ ton truck, found a surprise firing device which consisted of a “C” ration can containing explosives and a primer with a pressure firing device.

211445H Mar69 - CAP 4-3-7 participated in a joint operation at TD 372664 with PFs and a US Army force based on information by five former VC who Chieu Hoied to an adjacent PF platoon on 20 March. The operation located one AK-47, one SKS rifle, two M-26 grenades, two NVA canteens, three NVA
cooking pots, and assorted NVA clothing.

221645H Mar69 - CAP 4-2-8 reported information received from the PF platoon leader that four VC were KIA as a result of HAI fires called in on grid ID 364442 on the night of 21 March. The MACV Advisory Staff was notified and a patrol dispatched which recovered the four VC bodies.

230145H Mar69 - As a patrol from CAP 4-1-9 at ID 139607 was departing the night CP defense lines, one PF on perimeter security was awakened by their movement. Thinking the figures were VC he opened fire wounding one USMC and one PF.

231910H Mar69 - While enroute to a night CP, CAP 4-2-8 received small arms fire and one incoming mortar round at ID 329475. The CAP maneuvered to establish contact with the enemy who fled the scene.

252145H Mar69 - While in an ambush position at ID 360572 CAP 4-3-3 patrol sighted three VC in a Vietnamese boat moving south on a river. The ambush opened fire with small arms and M-79 rounds. The VC returned fire with AK-47's and broke contact. A reaction force crossed the river and maneuvered to reestablish contact. A sweep resulted in the capture of one RPD light machine gun, and one VC boat. Bloody clothing was found indicating at least one VC had been wounded.

27Mar69 - General YOUNGDAL visited 4th CAG. He was briefed at the 4th CAG CP by the CO and the Assistant Province Senior Advisor, and visited CAPs 4-2-8 and 4-3-5.

281300H Mar69 - A patrol from CAP 4-2-3 apprehended one VC suspect who was carrying rags suitable for bandages into a wasteland known to harbor VC.

281533H Mar69 - A patrol from CAP 4-2-3 apprehended one VC whose identification papers were incorrect. Investigation revealed the individual was on the District's Blacklist.

290100H Mar69 - An ambush activity from CAP 4-1-10 made contact with an estimated enemy NVA sapper platoon dressed in green utilities and black pajamas at ID 175609. The ambush detonated claymores, fired M-79's and threw grenades as the entire CAP maneuvered under illumination pinning down the enemy force. Three VC were cut in half by a friendly claymore as they assaulted the CAP throwing satchel charges, grenades and firing B-40 rockets. Three other VC bodies were located during a sweep which followed the contact. Approximately ten wounded or dead VC were observed being dragged from the scene as the area of contact was being illuminated by a reaction force from Cam Lo District Headquarters. 81mm mortar and artillery were fired on enemy escape routes. A squad size element of VC returned at 0400 in an apparent attempt to recover bodies. As the CAP maneuvered against them firing small arms and M-79's, they fled to the north. Results of the contact were four USMC WIA, three PF WIA, six VC KIA.
291100H Mar69 - A CAP 4-3-3 patrol located an underground bunker (4' x 4' x 8') with a dirt covered, bamboo reinforced roof. A detailed search revealed a false floor under which was located 175 small arms rounds (M-16 and AK-47), one trip flare, one M-26 grenade, one can of milk and one rope. The bunker was destroyed at WD 368583.

292030H Mar69 - A CAP 4-2-6 ambush sighted 10 to 15 VC moving northeast out of effective range. The CAP CP dispatched a patrol which intercepted the VC and engaged them with small arms fire and M-79 fire. Artillery was called as the VC were observed withdrawing to the south. On 31 March, villagers provided intelligence that graves containing VC KIA resulting from contact were located at WD 311476. A CAP patrol dug up the graves and found two bodies, one KIA from small arms, one from M-79 or shrapnel, and two empty NVA packs. The bodies were identified and are on the District's Blacklist.

292210H Mar69 - At WD 359604, an ambush patrol from CAP 4-3-2 sighted four VC moving away from their ambush site at 50 meters range. The CAP initiated small arms fire and one VC was observed to fall down when struck by the fire. The VC returned small arms fire and moved into a populated area. The pursuing CAP personnel called illumination and searched the hamlet at WD 360600.

301515H Mar69 - A patrol from CAP 4-3-4, while searching buildings at WD 408553, found a VC tax ledger listing names, dates and contributions by villagers from Xuan Dong Hamlet. Ten VCS were apprehended. District military officials and CIT team will follow up on interrogation and investigation.

CHARLIE - (When, DTG INCIDENT OCCURRED) 290100H March 1969

DELTA - (Who, What, How) An ambush activity from CAP-4-1-10 made contact with an estimated enemy NVA sapper platoon dressed in green utilities and black pajamas at TD175609. The ambush detonated claymores, fired M-79 rds & threw grenades as the sappers attempted to flank the ambush and destroy a water pumping station. The entire CAP maneuvered under illumination pinning down the enemy force. Three VC were cut in half by a friendly claymore as they assaulted the CAP throwing satchel charges, grenades, and firing B-40 rockets.

Three other VC bodies were located during a sweep which followed the contact. Approx. 10 wounded or dead VC were observed being dragged from the scene as the area of contact was being illuminated by a reaction force from Cam Lo District HQ. 81mm mortar & artillery were fired on the enemy escape routes.

A squad size element of VC returned at 0400 in an apparent attempt to ECHO - (Results) recover bodies. As the CAP maneuvered against them firing small arms and M-79. They fled to the north.

BRAVO - (Where) IN Quang Tri PROVINCE TD368583 COORD,
6 KM NE OF Quang Tri City.

CHARLIE - (When, DTG INCIDENT OCCURRED) 291100H March 1969.

DELTA - (Who, What, How) CAP-4-3-3 while on patrol at above grid found one
underground 4X4X4 reinforced with bamboo in a treeline. There were no visible
signs of recent occupancy.

ECHO - (Results) Search of the bunker revealed a false floor. Further probing
revealed one M-16 magazine, 1 M-49 trip flare, 150 rds of M-16 ammo,
1 USA ammo pouch, 27 AK-47 rds, 1 and M-26 grenade, 1 can of milk and 1 rope.

CHARLIE - (When, DTG INCIDENT OCCURED) 292030H Mar 69

DELTA - (Who, What, How) A CAP 4-2-6 ambulance sighted 10 to 15 VC moving North east out of effective range. CAP CP dispatched patrol which intercepted VC and engaged with small arms and M-79. Artillery called as VC were observed withdrawing to the South.

ECHO - (Results) On 31 March, villagers provided intelligence of graves containing VC KIA resulting from contact where located at YD 311476. CAP dug up graves and found 2 bodies, one KIA from S/A, one KIA from M-79 or schrapnel, and 2 empty NVA packs. Bodies were identified and are on District Black List.

b. When successful contact with the enemy is made, Annex (A) is a theme available for immediate employment by attached Armed Propaganda Teams. By filling in the blanks with the hamlet or village name and the number of confirmed kills, the theme is complete. This is to be employed using face-to-face contact or broadcast with hand-held loud speakers.

c. Armed Propaganda Teams should not be employed for more than two days in a CAP ACC. APT themes will be provided with leaflet packets to be employed with the schedule of leaflet distribution listen in paragraph 3.a.

d. The sound and movie van is currently unavailable. Repair should be completed by 25 March.

e. The Revolutionary Development Drama Team will be available at 1000 on the dates indicated.
